labs & appreciated the state of the art infrastructure.

### Inside this issue:

- VANDEMATARAN 2 tion. Prof Phillips delivered a lecture on Opportunities in Higher Education abroad. During the interaction, "JECRC-Hackathon" poster was also unveiled by dignitaries. Inspired by Smart India Hackathon, JECRC Hackathon will be conducted on 10th & 11th January 2018.
- NITTR WORKSHOP 4
- FELICITATION OF AASHAYEIN 5
- PLACEMENTS 5
- BAJA WORKSHOP 6 **A MoU was also signed between Active Learning, City of Oxford College and JECRC for Long Term Relations as Franchisee,**

# JECRC @ VANDE MATARAM 8/12/17

*"Prosperity and strength of a nation is the outcome of its unity."*

"Vande Matram" 2017 once again continues its legacy to unite the nation as more than 50000 people came together to proudly sing our national song.

JECRC believes in the national unity and proves this by its action as over 6000 students of JECRC Foundation along with 800+ faculty members marked their presence in this event.

Shri Amit Agrawal, Vice Chairperson JECRC Foundation

was the chief coordinator of Vande Mataram 2017 from Rajasthan Government side and has left no stone unturned for national unity.

JECRC Foundation thanked all the students and faculty members of entire JECRC Foundation for helping in making this event a massive success

दे सलामी इस तिरंगे को  
जिस से तेरी शान हैं,  
सर हमेशा ऊँचा रखना  
इसका  
जब तक दिल में जान हैं..!!

*In order to succeed, we must first believe that we can.*

**SHORT TERM COURSE  
ON  
"PRODUCT DESIGN AND DEVELOPMENT"  
(7 NOV. -11 NOV. 2016)**

**By  
NITTTR@JECRC**

Department of Mechanical Engineering, JECRC, JAIPUR conducted a Short Term Course on "Product Design and Development" from 6 to 10 November 2017, in association with NITTTR Chandigarh. The entire program and the overall program was very satisfac-

Prototyping are the key of product Development.

Mr. Manish Jain, Deputy Director JECRC, Jaipur, inaugurated the session & Addressed about importance of Short term courses and workshops in teaching and technical supporting

for enhancing competence of faculty members.

HOD Physics Prof. R K Mangal focused on the practical knowledge in technical education, because it is the primary need of the industries. Dean I year Prof. U K pareek talked

tory & learner-centric.. The programme started with the lightening of the lamp by all the dignitaries who came in the inauguration ceremony of ICT based Short Term course on Product Design and Development.

First Dr. M. P. Singh, Head Department of Mechanical Engineering briefed about the short term course and talked about the objective of the STC and importance of STC. He discussed about the design and how the design can be improved, what is the role of CAD and FEM in design and these are the design tool by using them design can be changed very easily. Reverse Engineering and Rapid

staff at different levels covering new recruits as well as in-service personnel.

These are offered in a wide variety of areas subject matter updating, refresher courses, emerging rural and appropriate technologies, managerial expertise, Entrepreneurship development, research capability, emerging instructional systems, instructional materials development, multimedia development, laboratory experimentation and innovations, computer education, industry institute interaction, etc

about technical knowledge and its importance rather than be the distinction in the UG programme. He talked about the importance of classes and role of faculty in the class.

Course coordinator Mr. Vipin Goyal gave the vote of thanks to all the dignitaries, participants and students.

Prof. Paabla has informed about the ICT based STC and explained about the advantages of STC.

WORKSHOP BY BAJA TUTOR  
@  
JECRC

A workshop by BAJA tutor was organised in JECRC on 1 – 2 Dec 2017 for Mechanical Engineering students in which they taught students about assembling & disassembling of the automobiles .

The workshop was of two days with different sessions, students got to know about complete knowledge of the automobiles. Students were thankful to HOD Mechanical Dr. M.P Sing & Mr. Kuldeep for organising such innovat-ing workshops.

*It's fine to celebrate success but it is more important to heed the lessons of failure.*
