Soft skills:-

In soft skills we provide learning progress of students on FACE (Focus Academy for Career Enhancement) platform .In this training prepared by the FACE Prep Support team.

How is the learning progress calculated?

Each lesson comes with a cut-off score, which students are expected to clear. The learning completion is calculated based on students achieving the cut-off score in all lessons. In most lessons, the cut-off score is 100%. Some students might have quick started learning, but would not have attained the cut off score to be considered for completion of a lesson.

Course structure –

The course is structured into 10 different stages. The stages are unlocked in phases, for the students, thereby setting them a learning target. The learning duration in each stage is 6 hours.

Soft skills data (2021-22):-

Name of the capability enhancement program	Date of implementation (DD-MM-YYYY)	Number of students enrolled	Name of the agencies/consultants involved with contact details (if any)
Soft Skills	01-07-2021	96	Focus Academy for Career Enhancement

Respected all,

Hope you are safe and healthy,

We T&P Cell cordially invites you all to attend the inaugural orientation program of CRT batch 2022 to be held on 30 June 2021, Wednesday from 9:00 am onwards. For more details, the timetable of the Orientation program is attached to this email.

The Last training & placement season was an incredible, fun, and rewarding learning journey for all of us. This time again we are ready with utmost excitement and for the next 100 days, we will be working together to sharpen and polish our pool of students based on the current industry's requirements. Also, we have good news for all of us that fortunately in such an uncertain scenario, we have ample opportunities and a good number of requirements for the fresher graduates in the industries. Therefore optimistically we need to prepare our students for the upcoming placement opportunities so they can perform better & beat the upcoming challenges.

I would like to share that this time as well we have partnered with the best training agencies for tailor-made training sessions with well-experienced experts from around the networks. For the JECRC campus, we'll be commencing the CRT program from 30 June 2021 with the orientation program.

Please find the detailed timetable attached to this email and meeting credentials below.

Update Reg. SPL program: Self Pace Learning program | Starting from tomorrow, 1 July 2021 External Inbox x

Sana HR <sana.hr@jecrc.ac.in> Wed, Jun 30, 2021, 4:49 PM

to abhishek, Anoop, Garima, Sweety, Pratibha, Yogita, Ashish, Naresh, Bhawna, Senthil, Ashok, me, Akhil, Rajendra, Jitesh, IT, Deepika, Director, Director, Mukesh, Trani

Dear all,

Good evening!

This is to inform you that the SPL program by FACE is starting from tomorrow, 1 July 2021 onwards students must have received an email from "FACE PREP". Pls, ask students to kindly check their mailbox and log in. In case of student's face, any issue in login TPOs is requested to share compiled list of issues by tomorrow.

The list of students is attached with this mail. Maybe a few student names might not be on this list because they had some payment issue or registration problem. In this case, as well, TPOs are requested to share compiled list of the students by tomorrow along with the Login issues.

Note: Outset and Inset TPOs kindly coordinate with each other and share only one list to avoid any repetition of names.

Best Regards

Respected HODs & TPOs,

As per the meeting and discussion with Respected Aipit Sir, yesterday following are the points that we would like to share with all TPOs.

1. Kindly cross-check the attendance as per the timetable which is filled by the Mentors.
2. TPOs should share the attached analysis table of SPL with mentors and discuss coverage of SPL.
3. Mentors should plan a meeting with mentees and discuss the action taken against their feedback with is attached in the mail.
4. Also attached is the SPL coverage as received from FACE. Mentors should discuss the same with their mentees and ask them to improve.

❖ FACE Classes Glimpses

The screenshot shows a Zoom meeting interface. The main content is a presentation slide titled "Time and Work" with handwritten mathematical notes in red ink. The notes include:

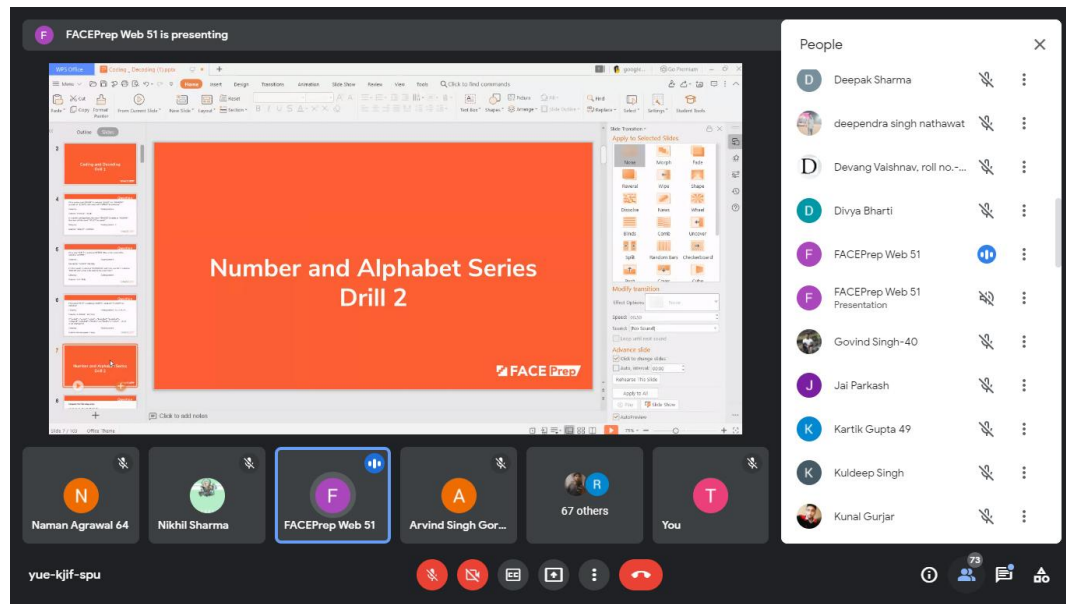

- $L.C.M = 60 \rightarrow U = T \cdot W$
- $3 \rightarrow 10$
- $2 \rightarrow 20$
- $1 \rightarrow 15$
- $5 \rightarrow 12$
- $D = \frac{60}{13} \rightarrow 4.6$
- $L.C.M \rightarrow 60 \rightarrow T \cdot W$
- $\begin{cases} A \rightarrow 30 \\ B \rightarrow 15 \\ C \rightarrow 10 \end{cases} \rightarrow 130$

The Zoom interface shows the following participants:

Soft skills :-

In soft skills we provide learning progress of students on FACE(Focus Academy for Career Enhancement) platform .In this training prepared by the FACE Prep Support team.

How is the learning progress calculated?

Each lesson comes with a cut-off score, which students are expected to clear. The learning completion is calculated based on students achieving the cut-off score in all lessons. In most lessons, the cut-off score is 100%. Some students might have quick started learning, but would not have attained the cut off score to be considered for completion of a lesson.

Course structure –

The course is structured into 10 different stages. The stages are unlocked in phases, for the students, thereby setting them a learning target. The learning duration in each stage is 6 hours.

Soft skills data (2020-21):-

Name of the capability enhancement program	Date of implementation (DD-MM-YYYY)	Number of students enrolled	Name of the agencies/consultants involved with contact details (if any)

Dear all,

Hope this email finds you well

The Training and Placement cell is grateful for the efforts you made last year for batch 2021 which made it possible to roll out 2000+ offer letters. It was your guidance and support that helped our students to get selected in good companies with handsome packages.

Now as we are starting the **CRT** from 22nd July for our 2022 batch, we again need you to support and guide our students to reach new milestones. An online meeting for the same is scheduled on **20th July i.e Tuesday**. This meeting will be chaired by the Director Sir.

Credentials for the same are given below.

Meeting for Softskills will be @5:00pm - 6:30 pm

JECRC University is inviting you to a scheduled Zoom meeting for the Soft Skills Team:

Respected All,

Good Morning!

It's an immense pleasure for us to share that with your kind support we have successfully completed TL-1 training, now we are starting TL-2 from 22nd July 2021, which is very crucial and important. Request all TPOs and Tech/ soft skill coordinators to please support all the panelists for smooth processing.

We have attached specific links and excel for your reference.

- (1) CRT Time Table & links_22nd to 7th Aug'2021.
- (2) Student Group Allocation.

Please carefully see all the attachments as they have multiple sheets inside.

NOTE: Request to all HOD's, ATPO's & Mentors that students should enter the Classroom on time.

Coordinators Names are as follows, for any queries you may contact them.

PI Tech : Ms. Deepika Bansal <9413259105>

PI HR : Ms. Manju Vyas <9828967909>

GD Extemporee : Mr. Ashish Kulshrestha <8562808996>

Tech Class : Ms. Sonali Chaddhan <8058600010>

Main guidelines for CRT TL 2:

1. The video camera should be on during the interviews.
2. Resumes should be well prepared with the students
3. During the Interview, the student has to share their resume by clicking on the screen share option.
4. Any misbehave will not be tolerated, the department can take strict action against such a case.
5. Students should report 15 mins before the scheduled time.
6. All the students must be sure to be well dressed and with decent light & background.
7. In case of any help, students may contact their departmental mentor.

Topic	Discussion
<p>C Cube</p>	<p>Dr. Manish Jain explained about the role of Cell for Company's Contest (C Cubes) towards the placement. C Cubes looks after the contest based hiring and competitions organized by companies like TCS, Wipro, etc. He has elaborated on the significance of Contest based hiring these days and why companies are choosing this mode for recruitment.</p> <ol style="list-style-type: none"> 1. Company's get access to large pool of students. 2. The hiring process became democratize, which improved the selection process. 3. Save a lot of time and cost as well. <p>The registration and selection details of major contest based hiring done for the batch 19-20.</p> <p><u>TCS – NQT</u> Total Registration – 1475 (Second highest registration from any institute across the whole country). Total Selection - 154 (As per the insights received from the TCS professionals, the no. of selections next to it were from SKIT which was around 82.)</p> <p><u>Wipro – Elite</u> Total Registration – 1074 (Highest registration from any institute across the whole country). Total Selection - 101</p> <p><u>Infosys – InfyTQ</u> Total Selection - 9</p> <p>The plan and researches has been done for the new placement season. This year C Cubes will focus on the big names such as Microsoft, Google (Code Jam, Kick Start) and facebook. Apart from the IT contest based hiring, C Cube will also focus on the Non-IT company's contest based hiring so that the new schools will also get benefited from them.</p>
<p>Code Warriors</p>	

	<p>Mr. Srawan Nath has explained about the strong ecosystem of coding in our campus which have prepared more than 300 students on latest coding skills & logics and named them as “Code Warriors”.</p> <p>The Code Warrior initiative have been divided into three phases:</p> <ol style="list-style-type: none"> 1. Conducted online contest (Competitive Programming Exam) to go through the skills of students. 2. Shortlisted around 300 students and designed special training process to develop their coding skills. 3. Conducted programming classes to prepare them for contest based hiring. <p>Code warriors has conducted online classes during this pandemic and collaborated with Geeks for Geeks, Coding Ninja, Code Chef which provides short term classes on online coding platform. Few of our students are preparing for FANG type of Companies. FAANG- Facebook, Apple, Amazon, Netflix and Google.</p>

Section 3:- Open Discussion: Views of the VCs, Deans, HODs, TPOs and placement team members.

Shri Arpit Agarwal, Vice-Chairperson opened the discussions for all the Deans, HOD, ATPO & Placement Team to provide their views over following questions:-

1. Should we do CRT or not?
2. When to start CRT?
3. How much duration should we plan for pre-placement training?
4. Should we combine the training of Inset + Outset & New Schools? And If not, Then when to start the training of individual group?
5. Help in Out-reaching since the scenario is tough we need to approach more companies. How?

Name of the Person	Views/ Opinions/ Suggestion/ Advice
President University (Mr DP Mishra) JECRC	<ul style="list-style-type: none"> • It is a matter of great satisfaction, all the success that we have achieved last time in terms of Placements 1935, that only shows that our efforts made last year by placement team was remarkable • The wholesome outcome of all the teaching learning in the university is meant for Placements and when the outcome is so big and so much praiseworthy this provide great satisfaction on which we are working. • Our basic job is to provide the fundamental teaching and rest is on Training and Placement Cell. • As Mr Mukesh Agarwal ji said that he will engage the students for 2 months for 8 hours daily than I believe that this semester is only for 3 months. I'll discuss it with him and we'll what we can do about it. • In Pharmaceuticals India is a leading countries, this is only sector where is India is leading and all the basic ingredients are imported from china, and as per the current situation there will be huge shift in manufacturing unit and that will help in make in India this will embrace all the core engineering branches.
Principal JECRC College (Dr. V K Chandna)	<ul style="list-style-type: none"> • On 8th of July 2015 I joined JECRC and in the last 5 year the number is increasing we were projecting around 1024 back then and now the number is 1935 and we're expecting it grow more. • Due to COVID, people from big industries who were not willing to pay us a visit now they have came online to have a interaction with our students in a bigger way. Hence this lockdown provided us a great opportunity. • As Mr mukesh said that we have asked companies to send their presentation about what they have done in the past that signify that we are in the position to ask such.

 <p>JAIPUR ENGINEERING COLLEGE AND RESEARCH CENTRE</p>	<p>Jaipur Engineering College and Research Centre, Shri Ram ki Nangal, Via Sitapura RIICO Jaipur- 302 022</p>	<p>Academic Year 2021-22</p>
---	---	---

	<ul style="list-style-type: none"> • In the similar way we must tell our students that this is the industry which is coming to our campus and this is their expectation from the students • TPO's has another task in their hand which is based on the industry we must conclude what their expectation is and what they are being doing in the past 2-3 years. • All the expert faculty member from both the campus they should make a presentation on the technical content about electrical and mechanical engineers are doing in the last 20-30 years and what now they'll be doing as per the current situation. • Hence TPO's can make a presentation about the industry and the Faculty member can make a presentation can make a presentation about the technical aspects. • We must increase the focus on technical aspects so this the we could do it, first we'll show the students the ppt or video and then we can start with CBT's. • At JECRC College as per the new curriculum of Rajasthan Technical University, now the final year student have to take only 2 theory subjects in 6th and 7th semester.
<p>Dean of Engineering (Dr. Ram Ratan)</p>	<ul style="list-style-type: none"> • Dr. Ram Rattan has explained the plan of including new courses in the curriculum starting from the 1st semester, which would help the students to perform well in the placement and the CRT program will be an add on for their step towards placement. • The courses which are not beneficial for the students will be removed from the curriculum.
<p>HOD Computer Science (Dr. Naveen Hemrajani)</p>	<ul style="list-style-type: none"> • JECRC is JECRC is only because of Placements. • The Major reason for all the admission at JU is because of great number of Placements. • CRT is very important and we must focus on Soft skills and Aptitude. • For students from computer science we don't need to focus more on coding skills but we have to make sure that students get better in GD, Extempore and so. • Many faculties member wants to be a part of T & P Cell.
<p>HOD IT (Dr. Deepak Dembla)</p>	<ul style="list-style-type: none"> • First batch passed out in 2016 in which out of 23 students 21 got placed.

 <p>JAIPUR ENGINEERING COLLEGE AND RESEARCH CENTRE</p>	<p>Jaipur Engineering College and Research Centre, Shri Ram ki Nangal, Via Sitapura RIICO Jaipur- 302 022</p>	<p>Academic Year 2021-22</p>
---	---	---

	<ul style="list-style-type: none"> • For BCA & MCA it is quite hard to get placed as they have to compete with Btech students who are good with Aptitude skills, where BCA & MCA students are generally belong to Non-Mathematics streams. • Approximately 72% students get placed every year from BCA & MCA that too in big Companies. • As we are getting good placements for BCA students they are focusing more over jobs as compare to higher studies. • Companies will focus on Contractual basis: Internships, which will be later, turned into a full time job offer. • Students has taken at least one certification and gained new skills in the last 3-4 months. All thanks to Technical Team.
<p>Director HR (Mr. Mukht Bihari)</p>	<ul style="list-style-type: none"> • Appreciated the efforts of Academic team for maintaining the education quality which is the key for the selection of students in campus drives. • The placement situation this year is different and challenging as compare to the last placement season due to pandemic. • Emphasized on improving the skill sets of students and to get the best out of contest based hiring.
<p>Dep. Director Corporate Relations (Mr. Ramesh Rawat)</p>	<ul style="list-style-type: none"> • We are in deep discussion with Corporate and within a month we will have an entire calendar for the complete placement year. • We are touching new sector like insurance, pharmaceuticals and logistics.
<p>Head Outreach JU (Mr. Vinayak Gupta)</p>	<ul style="list-style-type: none"> • Inset and Outset started back in 2015. • 95 outset students placed in the very first year. • 1162 students placed till now. • Highest package bagged by outset student this year which was 12 lacs.
<p>Head Corporate Relations (Ms. Sijo Joji)</p>	<ul style="list-style-type: none"> • We have 8 new schools. • As of now we are focusing on 7 schools as the first batch of Law will roll out in 2022. • All the schools go to various different dimensions. • This year we had the entire top tier hotel coming here. • For New Schools it all starts with an Internship and end up with full time jobs. • Last Year we had 85% placements for MBA.
<p>ATPO – CSE (Mr. Abhishek Dixit)</p>	<ul style="list-style-type: none"> • Communication skills will be the most important part for the placement this year

 <p data-bbox="207 220 375 254">JAIPUR ENGINEERING COLLEGE AND RESEARCH CENTRE</p>	<p data-bbox="444 100 1076 247">Jaipur Engineering College and Research Centre, Shri Ram ki Nangal, Via Sitapura RIICO Jaipur- 302 022</p>	<p data-bbox="1127 142 1341 212">Academic Year 2021-22</p>
---	--	--

	<ul style="list-style-type: none"> • It'll a major task to do all the placement activity over the online platform. • 2 subjects in 7th semester for college will play a major role as it'll provide us time for better training of our students.
<p data-bbox="217 615 407 678">ATPO – ME (Dr. M.P. Singh)</p>	<ul style="list-style-type: none"> • With the help of KEYNOTE we got to know more advance manufacturing. • All to students who think that mechanical is only for core branches, also figuring out that if they are not going according to the trend or not improving themselves will get problem during the placement session. • For increasing their knowledge and technical skills we are planning to provide them some coding skills as well. • 80% indulge themselves with coursera for basic learning.
<p data-bbox="217 1115 428 1178">HOD ECE (Dr. Dinesh Sethi)</p>	<ul style="list-style-type: none"> • The major challenge is number of students admitted. • For core branches we should add digital marketing, business development as the part of CRT. • We should also train our students to learn WFH. <p data-bbox="542 1079 1219 1108">Points given by the Vice chairperson for ECE department</p> <ol style="list-style-type: none"> a) We should work sincerely over collaborative approach for both the campuses. b) We have 260 students from Electronic branches from both the campuses c) You can collaborate with Dr. Naveen Hemrajani who already have 700 students or you can collaborate with JECRC College who have 3 or 4 batches. d) For addition of Digital marketing and business development in CRT plan you can talk to Mr Mukesh Agarwal .
<p data-bbox="217 1640 464 1703">HOD Design (Dr. Shivani Kaushik)</p>	<ul style="list-style-type: none"> • Batch Size is 60. • Last year we got good number for Internship. • This we touched some top 10 designing house and Interior Designer. • In design after internship student get absorbed by the same company only. • We as a department should more focus over entrepreneurship as we have a E-Cell running in our Campus we should ask and motivate our students for the same. • Interior design can be done online but firms like jewellery and fashion they will struggle due to this Pandemic.

<p>ATPO Management (Ms. Sumedha Soni)</p>	<ul style="list-style-type: none"> • Almost everything is already considered. • Will definitely try for 100% placement.
<p>ATPO Sciences. (Ms. Ruchi Seth)</p>	<p>Numbers of Placements are less but students who are placed are placed in to some of the prominent companies such as Wipro, Accenture and TCS.</p>
<p>ATPO JMC (Mr. Shailendra Bhati)</p>	<ul style="list-style-type: none"> • In 2019 we have a passout batch of 15. • This year we are focusing on advertisement agencies, PR agencies for getting our students for some good internship. • For 2021, we will focus on Media Entrepreneurship. • We are connected with E-TV bharat for campus visit for Placement session. • We are also focusing for contest based hiring.
<p>ATPO Agriculture (Mr. Deepak Sharma)</p>	<ul style="list-style-type: none"> • We are having a batch of 132 for 2021 • We are trying providing them good internship so that they get a full time offer from that company only.

Section 4: Conculsion: Vice Chairperson, Shri. Arpit Agrawal

<ul style="list-style-type: none"> • All the verticals heads from both the campus needs to coordinate with their training and placement cell and decide the particular date to start the Pre placement training for their department. • Training & Placement team should discuss with the internal team and share the training proposal with him by 15th July 2020, Wednesday. The proposal should have answers of three specific questions that are when to start CRT, Duration of the training and inset, outset & new School should have separate training programs. • Mr Mukesh & Ms Sijo should freeze the external agency and let him know the status by 15th July 2020, Wednesday.

Dear all,

Hope this email finds you well

The Training and Placement cell is grateful for the efforts you made last year for batch 2021 which made it possible to roll out 2000+ offer letters. It was your guidance and support that helped our students to get selected in good companies with handsome packages.

Now as we are starting the CRT from 22nd July for our 2022 batch, we again need you to support and guide our students to reach new milestones. An online meeting for the same is scheduled on 20th July i.e Tuesday. This meeting will be chaired by the Director Sir.

Credentials for the same are given below.

Meeting for Softskills will be @5:00pm - 6:30 pm

JECRC University is inviting you to a scheduled Zoom meeting for the Soft Skills Team:

Topic: CRT 2022 Meeting
Time: Jul 20, 2021 05:00 PM - 06:30 PM

Join Zoom Meeting

Respected All,

Good Morning!

It's an immense pleasure for us to share that with your kind support we have successfully completed TL-1 training, now we are starting TL-2 from 22nd July 2021, which is very crucial and important. Request all TPOs and Tech/ soft skill coordinators to please support all the panelists for smooth processing.

We have attached specific links and excel for your reference.

- (1) CRT Time Table & links_22nd to 7th Aug 2021.
- (2) Student Group Allocation.

Please carefully see all the attachments as they have multiple sheets inside.

NOTE: Request to all HOD's, ATPO's & Mentors that students should enter the Classroom on time.

Coordinators Names are as follows, for any queries you may contact them.

PI Tech : Ms. Deepika Bansal <9413259105>
PI HR : Ms. Manju Vyas <9828867909>
GD Extempore : Mr. Ashish Kulshrestha <8562808996>
Tech Class : Ms. Sonali Chaddhan <8058600010>

Main guidelines for CRT TL 2:

1. The video camera should be on during the interviews.
2. Resumes should be well prepared with the students

Introduction about the Event

Soft skills

In soft skills we provide learning progress of students on FACE(Focus Academy for Career Enhancement) platform .In this training prepared by the FACE Prep Support team.

How is the learning progress calculated?

Each lesson comes with a cut-off score, which students are expected to clear. The learning completion is calculated based on students achieving the cut-off score in all lessons. In most lessons, the cut-off score is 100%. Some students might have quick started learning, but would not have attained the cut off score to be considered for completion of a lesson.

Course structure –

The course is structured into 10 different stages. The stages are unlocked in phases, for the students, thereby setting them a learning target. The learning duration in each stage is 6 hours.

Soft skills data (2021-22):-

Name of the capability enhancement program	Date of implementation (DD-MM-YYYY)	Number of students enrolled	Name of the agencies/consultants involved with contact details (if any)

		<p>about the CRT Attendance of every program</p>	<p>sessions. TPO inset suggested to take another meeting with mentees and tell them that now important Content will be delivered in upcoming lecture. Don't miss that. And motivate them to be regular</p>
2	<p>SPL completion Percentage and Improvement</p>	<p>HOD asked about the SPL percentage. TPO inset suggested that we need to push students to complete the modules at the earliest and last date to complete the module is 21 July 2021 as</p>	<p>All mentors agreed and said that so far the SPL is in good pace and Most of the student are doing it. They ensured that they will motivate the mentees to complete the SPL by 21st July 2021</p>
3	<p>Feedback of the Training</p>	<p>HOD and TPO instructed to take feedback of the training from students on regular basis and keep asking their doubts and issues. Also TPO suggested to solve their issues and give them response that your feedback has received and working on that</p>	<p>Mentors are in regular touch with the mentees and they are taking the feedback and trying to solve their issue of CRT on personal level</p>
4	<p>Preparation of TL-2 Training</p>	<p>HOD asked about the preparation of TL-2 Training. He suggested that keep revising the things you learned during Train the Teachers FDP and also prepare the question bank for technical classes</p>	<p>All the mentors are working on it.</p>
5	<p>Suggestions and queries</p>	<p>HOD and TPO asked about the suggestions or any queries.</p>	<p>1) Dr. Jaiverdhan said to take a quiz during the technical classes to improve the quality of the Technical classes. 2) Mentors asked to provide the recoding of the DSA lectures. 3) One major issue found that</p>

Vision and Mission of Institute

Vision:

To become a renowned centre of outcome based learning, and work towards academic, professional, cultural and social enrichment of the lives of individuals and communities.

Mission:

- Focus on evaluation of learning outcomes and motivate students to inculcate research aptitude by project based learning.
- Identify areas of focus and provide platform to gain knowledge and solutions based on informed perception of Indian, regional and global needs.
- Offer opportunities for interaction between academia and industry.

Develop human potential to its fullest extent so that intellectually capable and imaginatively gifted leaders can emerge in a range of professions

Vision and Mission of Department of Information Technology

VISION

To be recognized as Centre for providing outcome based education and prepare students to take challenges as per present technological scenario.

MISSION

M1: Practice OBE for professional accomplishment of graduate attributes.

M2: Provide platform to gain knowledge and solutions as per social needs and requirement.

M3: Provide platform to enhance knowledge for inter-disciplinary challenges and motivation towards achieving excellence.

Summary (Soft Skill Development)

Soft skills are a combination of people skills, social skills, communication skills, character or personality traits, attitudes, career attributes, social intelligence and emotional intelligence quotients, among others, that enable people to navigate their environment, work well with others, perform well, and achieve their goals with complementing hard skills. The Collins English Dictionary defines the term "soft skills" as "desirable qualities for certain forms of employment that do not depend on acquired knowledge: they include common sense, the ability to deal with people, and a positive flexible attitude."

Soft skills is a composite expression, and each of the two words explains a defining aspect of the concept.

The word "skill" highlights the practical function. The term alone has a broad meaning, and describes a particular ability to complete tasks ranging from easier ones like "learning how to kick a ball" to harder ones like "learning how to be creative." In this specific instance, the word "skill" has to be interpreted as the ability to master hardly controlled actions.

Jaipur Engineering College and Research Centre
Shri Ram Ki Nangal, Via Sitapura, RIICO Jaipur

Academic Year -2021-22

The word “soft” is the opposite of “hard”, may appear to mean “subjective, fuzzy, and unreliable,” "but, "calling these skills soft or no cognitive belies their importance." Because of their subjectivity, soft skills are often not assessed and yet many in business consulting argue that they lie at the foundation of what makes a leader and will determine if an employee will rise to a leadership position. Soft skills represent personal skills necessary for such activities as team work and motivating others.

Academic Year -2021-22

Dear all,

Hope you are doing well

We are delighted to inform you that we are all set to start our new placement session with maximum enthusiasm, energy, and optimism. This year as well with great contentment we have planned a 3-days online workshop "Train the Trainer" for TPOs & mentors associated with the campus recruitment training (CRT). You are cordially invited to attend the online workshop "Train the trainer" scheduled on 22, 23 & 24 June 2021, 10:00 am onwards.

We are aiming to provide specialized training where you all can train our bright students to show & present their abilities effectively during the forthcoming placement drives. This workshop will help you to prepare as a facilitator to the students & to make them prepare for the upcoming hiring trends of the industries.

Also, faculties are requested to join the WhatsApp group, we'll share time table and details in this group: <https://chat.whatsapp.com/BilOGom6i8XFTYCrJUI3VR>

The event will start at 10:00 am sharp, hence pls mark your presence 10-15mins before. Pls, find the joining credentials below.

Dear all,

Good Afternoon, Hope you are having a good day

This email is in regards to the "Student Employability Test" it's an online assessment conducting tomorrow, 26 June 2021, 10:00 am for JECRC batch 2022

The idea behind this assessment is to analyze student's strengths, weaknesses, opportunities, and threats so that we can work closely on the particular part which needs more attention and preparedness. Being a mentor we should be aware of the mentee's strengths and weaknesses so that we can guide and give students the opportunity to improve their skills and abilities. Knowing what talent or quality can be enhanced in the student will make work simplified and efficient. This assessment will not only help mentors but definitely the student as well he/she can easily identify and understand key areas. By self-analyzing their own performance, they can prepare, and focus more on the weak area or skills.

I request all the TPOs and mentors to convey this information to all the students mentioned in the list attached to this email, students must log in today and appear in the sample test to avoid any misunderstanding. The list attached for Slots 1 and 2 only, the remaining candidates who have registered in CRT will be having their assessment soon. TPOs, mentors, and students must go through the attached document to understand the details of the process and the timelines associated and share the same with the students. Also, the student must ensure that he/she should not use any other candidates' credentials because the test is totally proctored and precisely observed by our test agency. In case anyone gets caught in malpractice activity strict action would be taken.

Steps of Test Process

- Request TPOs to make a branch-wise WhatsApp group consisting of mentors & students and make 7597812198 as an admin.
- This exam will be going to conduct in two slots, the list is attached to this email. Credentials will be like this: Username: Roll No and password phone numbers.
- Times of both the slots are Slot 1: 10:00 am to 1:00 pm & Slot 2: 2:00 pm to 5:00 pm.
- The test is for 3 hours, details are below.

Section Name	Duration	Details	Platform
Written Round (WR)	2 Hours 15 Minutes	Sections 1-4 as mentioned in SEI Pattern	WAE Digital
Behavioral & Business Communication (BBC)	45 Minutes	Section 5-9 1. 15 Minutes Psychometric Test. 2. 15 Minutes Written Business Communication. 3. Submitting 2 video answers.	Google Form

Please go through the attached document to understand the details of the process and the timelines associated. Your IDs have been created on the platform and please log in with your credentials as explained in the document. In case of any issues, please let us know or email at info@waecs.in.

Respected all,

Hope you are safe and healthy,

We T&P Cell cordially invites you all to attend the **inaugural orientation program of CRT batch 2022 to be held on 30 June 2021, Wednesday from 9:00 am onwards**. For more details, the timetable of the Orientation program is attached to this email.

The Last training & placement season was an incredible, fun, and rewarding learning journey for all of us. This time again we are ready with utmost excitement and for the next 100 days, we will be working together to sharpen and polish our pool of students based on the current industry's requirements. Also, we have good news for all of us that fortunately in such an uncertain scenario, we have ample opportunities and a good number of requirements for the fresher graduates in the industries. Therefore optimistically we need to prepare our students for the upcoming placement opportunities so they can perform better & beat the upcoming challenges.

I would like to share that this time as well we have partnered with the best training agencies for tailor-made training sessions with well-experienced experts from around the networks. **For the JECRC campus, we'll be commencing the CRT program from 30 June 2021 with the orientation program.**

Please find the detailed timetable attached to this email and meeting credentials below.

Respected All,

Good Morning!

It's an immense pleasure for us to share that with your kind support we have successfully completed TL-1 training, now we are starting TL-2 from 22nd July 2021, which is very crucial and important. Request all TPOs and Tech/ soft skill coordinators to please support all the panelists for smooth processing.

We have attached specific links and excel for your reference.

(1) CRT Time Table & links_22nd to 7th Aug'2021.

(2) Student Group Allocation.

Please carefully see all the attachments as they have multiple sheets inside.

NOTE: Request to all HOD's, ATPO's & Mentors that students should enter the Classroom on time.

Coordinators Names are as follows, for any queries you may contact them.

PI Tech : Ms. Deepika Bansal <9413259105>

PI HR : Ms. Manju Vyas <9828867909>

GD Extemporee : Mr. Ashish Kulshrestha <8562808996>

Tech Class : Ms. Sonali Chaddhan <8058600010>

Main guidelines for CRT TL 2:

1. The video camera should be on during the interviews.
2. Resumes should be well prepared with the students
3. During the Interview, the student has to share their resume by clicking on the screen share option.
4. Any misbehave will not be tolerated, the department can take strict action against such a case.
5. Students should report 15 mins before the scheduled time.
6. All the students must be sure to be well dressed and with decent light & background.
7. In case of any help, students may contact their departmental mentor.

Soft skills :-

In soft skills we provide learning progress of students on FACE(Focus Academy for Career Enhancement) platform .In this training prepared by the FACE Prep Support team.

How is the learning progress calculated?

Each lesson comes with a cut-off score, which students are expected to clear. The learning completion is calculated based on students achieving the cut-off score in all lessons. In most lessons, the cut-off score is 100%. Some students might have quick started learning, but would not have attained the cut off score to be considered for completion of a lesson.

Course structure –

The course is structured into 10 different stages. The stages are unlocked in phases, for the students, thereby setting them a learning target. The learning duration in each stage is 6 hours.

Soft skills data (2021-22):-

Name of the capability enhancement program	Date of implementation (DD-MM-YYYY)	Number of students enrolled	Name of the agencies/consultants involved with contact details (if any)
Soft Skills	30 th June 2021	78	Focus Academy for career enhancement

Following Instruction are given by TPO to the students of the department regarding the schedule of the training:-

1. Pre-placement (Soft Skill) training will be starting from 30th June 2021 i.e. tomorrow, so all Inset Students including 1 backlog (List Attached) are required to report tomorrow sharp at 8:30 AM to your respective mentors and then move to respective venues as per time table attached.
2. As per the instruction of management, if any student not report till 30th June 2021, then he/she will not be allowed in training as well as placement drives throughout the year.

Soft skills :-

In soft skills we provide learning progress of students on FACE (Focus Academy for Career Enhancement) platform. In this training prepared by the FACE Prep Support team.

How is the learning progress calculated?

Each lesson comes with a cut-off score, which students are expected to clear. The learning completion is calculated based on students achieving the cut-off score in all lessons. In most lessons, the cut-off score is 100%. Some students might have quick started learning, but would not have attained the cut off score to be considered for completion of a lesson.

Course structure –

The course is structured into 10 different stages. The stages are unlocked in phases, for the students, thereby setting them a learning target. The learning duration in each stage is 6 hours.

Soft skills data (2021-22):-

Name of the capability enhancement program	Date of implementation (DD-MM-YYYY)	Number of students enrolled	Name of the agencies/consultants involved with contact details (if any)

2. Mr Teekam Singh
3. Mr Pradeep Kumar Jain
4. Mr Yogesh Kumar Agrawal
5. Mr Jitesh Kumar Jain

Points Discussed

S. No	Points Discussed	Detailed Discussion
1	Challenges, Feedbacks & Solutions	<ol style="list-style-type: none">1. <u>As per the analysis Civil department attendance in CRT is good in comparison to last couple of years, however some students are not attending due to parallel coaching for competitive exams.</u> The Director HR advised all TPOs and mentors to counsel their students. Make them understand that government exams are delaying due to Covid and uncertainty will make them lose campus placement opportunity as well if they don't participate. Hence, they should take campus placement and then prepare for competitive exam. Even after multiple reminders any student does not participate or attend classes then make sure he is debarred from placement activities.2. <u>TPOs and mentors shared that student are improving but they lack knowledge in computer sciences subjects.</u> The Director HR suggested that they should have some classes on CSE subjects like C/C++ and asked them to talk to Ms. Manju Vyas to conduct CE students interviews with the CSE/IT faculties. Also, 2 faculties from CSE are getting training from Infosys they can also ask these faculties for sessions if students are interested.

NO NEED TO GO INTO MUCH DETAILS

- Some basic subject analysis is sufficient. No need to mention exact figures while giving any reference. You have limited time so be precise and convey your thoughts in short and simple language.

Participants: 420

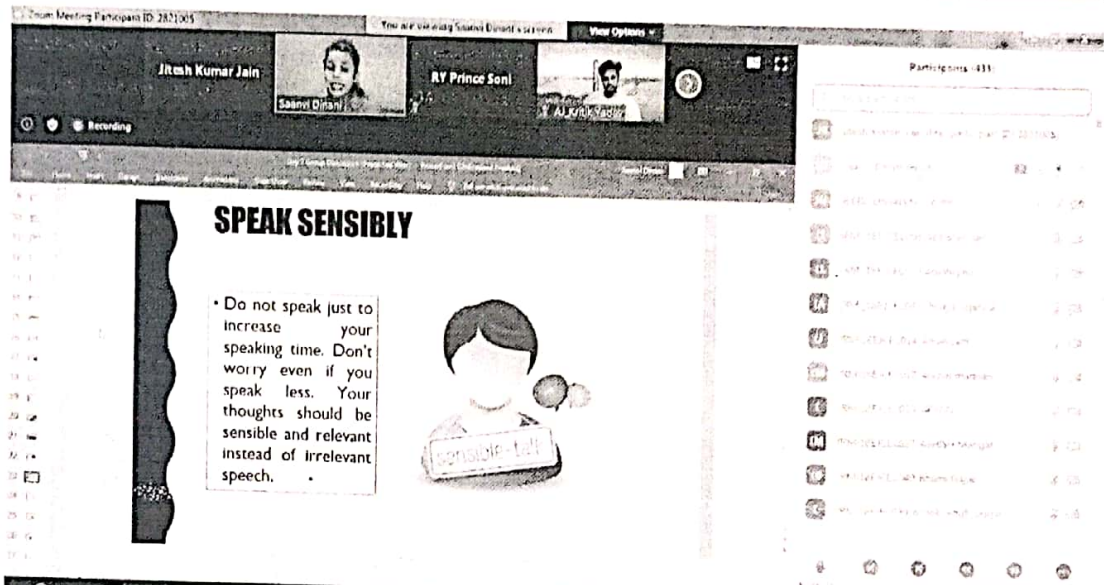

Zoom Meeting Participant ID: 2821003

LISTEN CAREFULLY TO OTHERS *WAB*

- Speak less and listen more! Pay attention while others are speaking. This will make coherent discussion and you will get involved in the group positively. You will surely make people agree with you.

Participants: 412

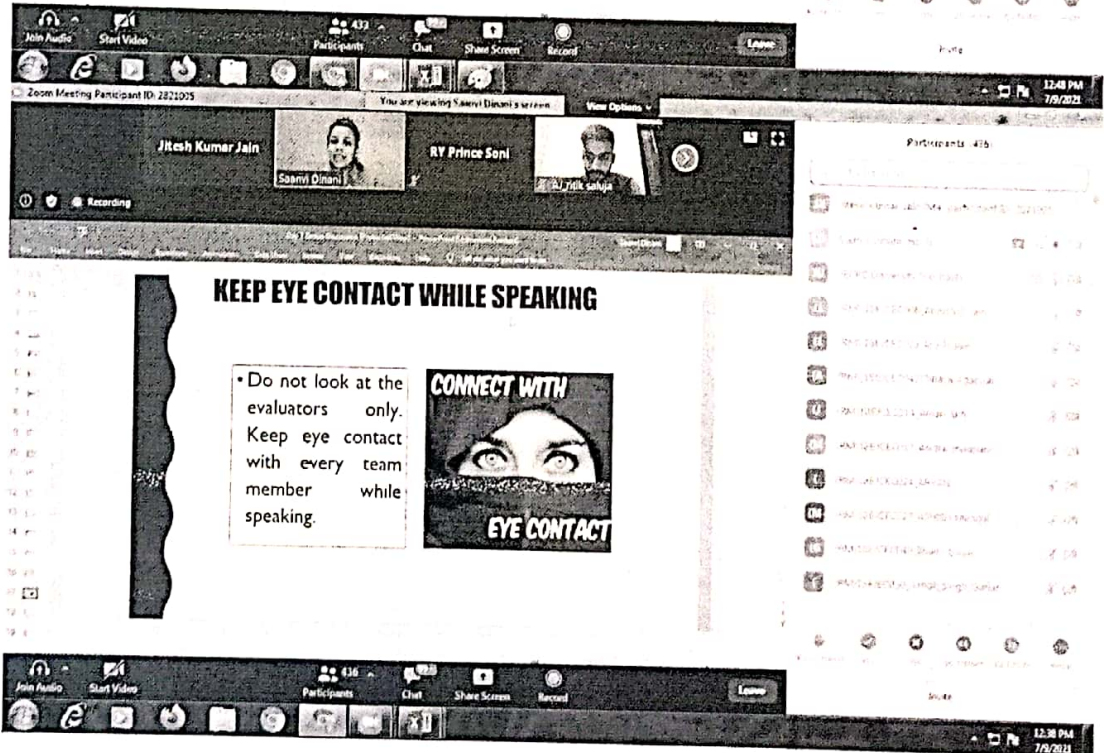

Zoom Meeting Participant ID: 2821005

SPEAK SENSIBLY

- Do not speak just to increase your speaking time. Don't worry even if you speak less. Your thoughts should be sensible and relevant instead of irrelevant speech.

CONNECT WITH EYE CONTACT

Participants: 433

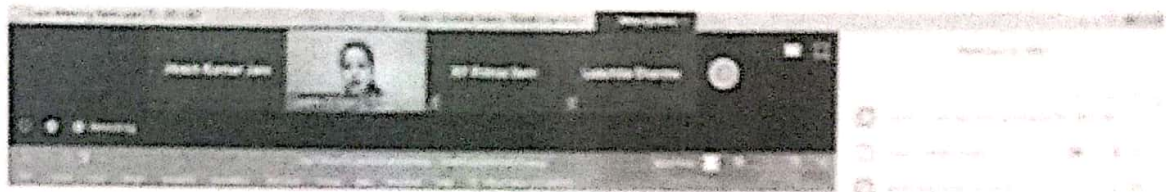

Zoom Meeting Participant ID: 2821005

KEEP EYE CONTACT WHILE SPEAKING

- Do not look at the evaluators only. Keep eye contact with every team member while speaking.

Pic-a-Speako:

Pic-a-Speako event is based on the fact that “Every Picture tells a story”. It is a picture description contest which tests the power of observation and the ability to describe it in an effective manner. It shows the potential indulging in an individual for imagination, creativity, presence of mind with visual scenes. Observation of visual clippings creates the new story which should be so much fictional but show the real correlation.

JUDGEMENT CRITERIA:

Participants will be judged on the following criteria:

- 1) Content
- 2) Delivery
- 3) Fluency

Note

E - certificates will be awarded to all the participants along with the first three winners

Best wishes:-

Dr. Neelu Jain (HOD, E&H)

Ms. Sonia Khubchandani (Event Coordinator)

The Power of Doing: BK EV GIREESH

“This life is yours, take the power to choose what you want to do and do it well.”

It was a matter of great delight to host BK EV Gireesh as the first speaker of our empowering series “Enlightenment” on 5th October, 2021 where he shared his insights on the theme “The Power of Doing”. The first phase of the session unfolded with a light interactive session between the speaker and the audience. Following which Mr. Gireesh sir explained the “power of doing” by dividing it into 7 postulates.

- (i) Effectiveness: He very beautifully put forward his thought that we should always try and do the right things. He co-related it to the various steps that Gandhi Ji had taken to practice satyagraha.
- (ii) Efficiency: He emphasized on the importance of doing the right things in the right way. Even if an individual is doing something that is right, there are chances that he might go the wrong way and so one should try and do the right thing in the rightest way possible.
- (iii) Improvement: One of the most important attributes of the power of doing is the scope for improvement. One should always try and improve upon his/her actions. We should always watch our words before we speak because after that there isn't any scope for improvement. Thus, improvement is the key to learning.
- (iv) Stopping: It's high time that we stop doing the wrong things. We must also stop believing in the wrong beliefs and myths.
- (v) Copying: One of the most incredible thoughts put forward by him was - “Copying is not cheating.” We must try and copy the good/right things that other people are doing. One should

Research Centre

always be neutral in judging individuals. We should ignore the bad traits of others but inculcate the good traits that others possess.

(vi) Affection (sneh): One must always work with love and affection for everyone in his/her heart.

(vii) Impossible: Start transitioning the impossible into the possible. One must take up an oath that he/she will try and do everything that they once believed was impossible.

He quoted that- “The wind may blow in any direction but the direction in which you go depends on how you set the sails”. And so we are very sure that after attending this session all participants embarked on their journey to ultimate contentment and peace. The session ended on a very positive and lucrative note.

Magic of Meditation: Ms. Ritu Thakkar

The second session of our empowering series “Enlightenment” witnessed Ms. Ritu Thakkar highlighting the importance of meditation. She very beautifully explained that miracles will happen to you too, when you begin using the magic power of meditation. Meditation helps you gain control of your mind. It teaches you a new virtue of being patient at times and increases your ability to focus for longer durations. It is something that will have a positive impact on your relationships -

with yourself and with others. She insisted on the need to meditate on a regular basis and highlighted the importance of a calm and a peaceful mind and soul. She put forward the importance of just being self and letting go of hundreds and thousands of thoughts that bother us. One of the most important things that she mentioned was- “Every moment does not have a problem”. It is the humans who themselves try to treat everything like a problem, thus practicing meditation on a regular basis always helps us channelize the thoughts that come into our mind every now and then. Throughout the session, Ms. Thakkar made the participants experience the different types of musical meditation. She also emphasized on the fact that one should sit with himself/herself and ask about what they can let go of, because carrying everything in our mind is always a tedious task.

How Spirituality Helped Me to Prepare for Microsoft - Mr. Suraj Kumar

Hosting our very own alumnus Mr. Suraj Kumar as a speaker for our online series “Enlightenment” was a matter of great pride and happiness. The session brought into light his journey from his college days at JECRC to grabbing a spot in one of the most prestigious companies - Microsoft. He shared with the participants, his life at college and the fun he used to have being a part of almost all college activities. He highlights the fact that one should be aware of what he/she wants to achieve in life from the very

beginning and that is exactly what helped him achieve his goal of getting into Microsoft. He shared his experience of attending “Enlightenment” - which is a spiritual event that is hosted as a part of Renaissance (Annual techno-cultural festival of JECRC) every year. He said that being a part of that event was a turning point in his life. It was the first time that he realized that there are things beyond the internet and web.

He addressed the students about how spirituality and meditation helped him lead a peaceful and stress free life. Mr. Suraj described spirituality as the knowledge that cannot be found anywhere but in one’s own self. He urged the students to take out some time for meditation and spiritual activities so that they can experience what he himself felt after embarking on his spiritual journey. All participants were highly motivated after listening to Mr. Suraj Kumar’s inspiring words and we hope that they will all make the most of it in their respective lives.

Power of Subconscious Mind: Mr. Sneh Desai

We felt enraptured in hosting Mr. Sneh Desai (Life & Business coach) as the speaker for the session on “*Power of subconscious mind*” which spectated him highlight the power of the subconscious mind and how changing thought patterns can result in a dramatic improvement in one’s life. He began the session by explaining the difference between the conscious and the subconscious mind to the participants in a very clear and brief way. This was followed by a very

interesting phase where he explained various important mantras by relating them to daily life activities. He urged the participants to never speak negatively, because he believes that once you say it out loud, it starts to manifest and so one should always think and speak positively. He insisted on the need to inculcate in an individual only positive thoughts right from the beginning because deleting the negative thoughts from one’s subconscious mind is a difficult task. Some of the mantras he shared with the audience were:

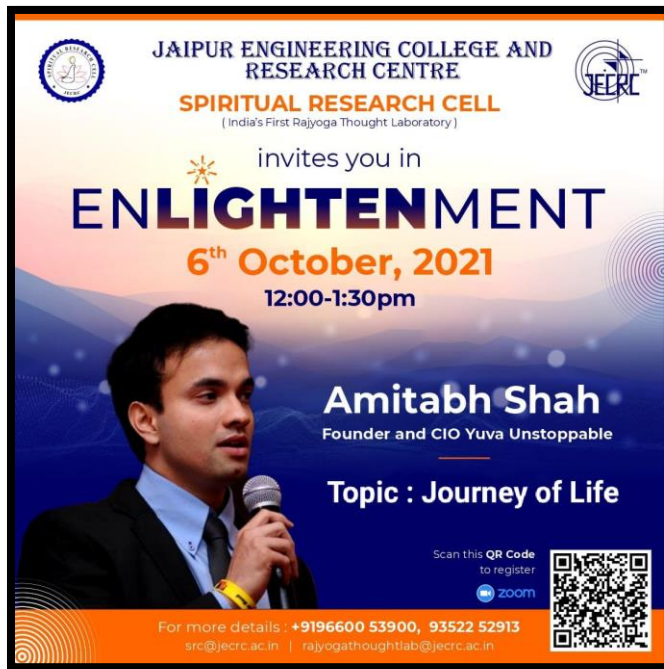

- i. Positively reject what you don't like.
- ii. One should always make real life role models.
- iii. Champion’s recipe: “Believing is seeing”.
- iv. Limits can be physical, but limitations are always mental thus, one should never set any limitations.
- v. Convert “what you believe” into “what you see”.
- vi. Manifest everything that you want to achieve.
- vii. Set positive goals.
- viii. Have a desire to achieve your goals.
- ix. Visualize your goals.

x. Prepare a goal chart.

The session proved to be a life changing experience for all those who were a part of it. It inculcated in them incredible values that will help them achieve all they wish to in their life.

Journey of Life: Mr. Amitabh Shah

GRATITUDE, SELF BELIEF AND COMPASSION ARE THE THREE PILLARS OF MEANINGFUL LIFE.

It was a whole interactive session with Shivani Singh Ma'am and the audience. Amitabh Shah Sir started his session with his life story by which he indulged in social work. When he was returning from the USA he saw a Swadesh Movie and then he drowned in his memories and decided to meet with his nany and after seeing her condition he concluded to take care of her. For this he decided to

leave the USA and wanted to stay in India to work for needy people. At the session, he shared some thought-provoking views on his role models, gratitude and the idea of giving. He enlightened us with the great magic of life:

- Always appreciate the right thing.
- With Right wisdom, Money will automatically come.
- Always help others as much as you can.
- Provide education to needed ones.
- Always sleep after thanking God (Shukrana to God) for at least 5 things.

Abdul Kalam Sir also helped Amitabh Sir. The Most Admirable thing in the session was that Amitabh Sir announced in the session that whoever knows about any needy whose income is less than 2.5 lakh per annum they can give information to him or their organization via mail. Their organization will help those children and provide proper direction to their talent. This is really a huge commitment which will really prove boon for every child. We have learned so many things and about life miracles from this session. At last the session concluded with lots of smiles and learning. All of us are enlightened with the power of the subconscious mind and

magic of life. He provoked us with their words and enlighten the path of Social work and gives the message that -

GRATITUDE WILL LEAD TO HAPPINESS.

जेईसीआरसी में विद्यार्थियों ने मेडिटेशन से सीखा खुश रहने का तरीका

जयपुर (कासं.)। देश के एकमात्र इंजीनियरिंग कॉलेज में स्थित स्पिरिचुअल रिसर्च सेल (एसआरसी) के पांच साल पूरे हो गए। इस मौके पर 'एनलाइटमेंट' कार्यक्रम हुआ। वक्ताओं ने जयपुर इंजीनियरिंग कॉलेज एंड रिसर्च सेंटर (जेईसीआरसी) के विद्यार्थियों को मेडिटेशन के माध्यम से खुश रहने के तरीके बताए। साथ ही, उन्होंने तनाव मुक्त रहने के लिए भी प्रेरित किया। जेईसीआरसी के वाइस चेयरपर्सन अर्पित अग्रवाल ने बताया कि विद्यार्थी जीवन से ही मेडिटेशन सीखने से सफलता की संभावना बढ़ जाती है। ऐसे कार्यक्रम विद्यार्थियों के जीवन को एक नई दिशा भी प्रदान करते हैं। एसआरसी के को-ऑर्डिनेटर मुकेश अग्रवाल और चित्रा ने बताया कि दो दिवसीय कार्यक्रम में पांच वक्ताओं ने अपने अनुभव को साझा करते हुए विद्यार्थियों को मेडिटेशन के माध्यम से खुश रहने के तरीके बताए। इसमें पहले दिन डायनेमिक ट्रेनर और काउंसलर बीके ईवी गिरीश ने विद्यार्थियों को संबोधित किया। वहीं बिहेवरल एनालिस्ट ऋतु ठक्कर ने द मैजिक ऑफ मेडिटेशन के बारे में जानकारी दी। दूसरे दिन अंतरराष्ट्रीय प्रेरक वक्ता और लाइफ कोच स्नेह देसाई ने विद्यार्थियों को पावर ऑफ सबकाशियस माइंड के बारे में बताया।

<p>Such types of events are very useful and relevant in handling today's crisis.</p> <ul style="list-style-type: none"> - Dr. Pushpalata Kumari, Magadh Mahila College, Patna University, Patna 	<p>Program content & arrangements are very good. I'm from Tamilnadu, I thought whole program will be in English but in hindi explanations, I can't fully understood.</p> <ul style="list-style-type: none"> - SOUNDARARAJAN R, SANKARA POLYTECHNIC COLLEGE

Feedback Analysis

After analyzing the feedbacks of the participants we have come to know that these sessions are really helpful to everyone and there is a need for such sessions. So, we have planned to organize more such sessions in near future.

Students really got benefitted and they asked for organizing more such two days sessions.

Most of the participants were comfortable with bilingual sessions but some faced language issue..

Participants showed interest in connecting with more such eminent speakers.

The sessions were easy and accessible to all the age groups.

.

The topic of the program “Enlightenment” attracted various kinds of audience and proved to be an important point.

Recommended Actions

- A measure of concern and handling threats digitally has to be maintained properly.
- The sessions are to be held on a globally renowned and secure platform to avoid mishaps.
- More events should be of two days so that students can comfortably attend them fully and the sessions should be continued in Bilingual manner.
- Quiz based on sessions should be provided to the participants to enhance their learning.

Abstract

“Meditation is the golden key to all the mysteries of life”

The 2-day long SDP program including 6 sessions explained and briefed the audience on “MEDITATION FOR EMOTIONAL STABILITY”, where prominent speakers like Ms. Monika Gupta, EV Gireesh, Ms. Ritu Thakkar, Ms. Ansuya Sunku, Mr. Mukesh Vyas, Sister Deepa, Ms. Supriya Agarwal and Mr. Ram Prakash gave much deep insight on how to gain emotional stability through meditation to the audience.

The series of sessions started with the first session Experience Positive Emotions by BK EV Gireesh. This was followed by the 2nd session where the audience was emotionally tested by Mukesh sir and Sister Deepa gave simple yet much influential tips on how to increase emotional stability and how to attain spiritual wellness. The 3rd session by another prominent speaker Ritu ma'am was very interesting as well as important. She gave the positivity mantra - “Always create a new pattern by observing positive thoughts. “

The event was preceded further with three more sessions on 28th august for filling the minds of young buds with positive and useful facts, tips and solutions. The very first session on ‘Healing your emotions’ by Ms. Ansuya Sunku presented all the mind blowing tricks that we all need today to heal the wounds and pain of the soul. The vibes of positivity and emotional power spreaded even with more force when Ms Monica Gupta got on the stage to explain how keeping our mind stable is possible even in these challenging times. “The most important ability that we have today is attention. Brain is the fantastic filter and attention is its gate” - these lines are magical which turn all our attention towards attention.

The last and much important session of the second day was a panel discussion with fabulous speakers Ms. Supriya Agarwal and RamPrakash Singhal Sir. They both were like sparkling stars showering the rays of knowledge on everyone.

Feedback Analysis

After analysing the feedbacks of the participants we have come to know that these sessions are really helpful to everyone and there is a need for such sessions. So, we have planned to organize more such sessions in near future.

Students really got benefitted and they asked for organising more such two days sessions.

Participants were comfortable with bilingual sessions.

Participants showed interest in connecting with more such eminent speakers.

The sessions were easy and accessible to all the age groups.

The topic of the program “Meditation for Emotional Stability” attracted various kinds of audience and proved to be an important point.

Recommended Actions

- A measure of concern and handling threats digitally has to be maintained properly.
- The sessions are to be held on a globally renowned and secure platform to avoid mishaps.
- More events should be of two days so that students can comfortably attend them fully and the sessions should be continued in Bilingual manner.
- Quiz based on sessions should be provided to the participants to enhance their learning.

Abstract

“Meditation is the golden key to all the mysteries of life”

The 5-days Meditation Course helped the participants to understand what meditation is and what is the process of meditation. Ms. Chitra Khandelwal who is a spiritual counselor in Spiritual Research Cell, JECRC also explained various Spiritual Concepts including the true self and the Supreme to the audience. Participants also got to know about various benefits of meditation and how to bring them practically in one's own life.

With all this learning everyone learned ways to enhance emotional immunity in a practical sense.

Speaker's Profile

Ms. Chitra Khandelwal is a Rajyoga Meditation Practitioner who has been studying spiritual knowledge and practicing Rajyoga since her teenage. After completing B.Sc. (Hons) from University Maharani's College, Jaipur she completed her Masters in Botany and Value Education & Spirituality. She has also held a PG Diploma in Values in Health Care. She is a faculty member for Value Education Courses run by Annamalai University. She had been to England and Thailand to present her research outcomes. Her research paper titled "A comparative analysis of mindfulness between meditators and non-meditators" is presented in the Third ICICT 2018 international conference held at London in February, 2018.

She is currently looking after Spiritual Research Cell- A Unique Thought Laboratory established in the premises of one of the premier engineering colleges of Rajasthan. She also acts as Spiritual Counselor for Engineering Students. With her creative and innovative ideas, she guides the students for developing techno-spiritual projects. Presently based at Jaipur, she organizes and conducts trainings on Thought Management, Rajyoga Meditation Basic Course, Self Esteem, Understanding MIS, Stress Free Lifestyle, Self-Empowerment, Meditation for Emotional Stability, Stress and Anger Management, Thought Management etc..

Day - 1 Understanding the Self

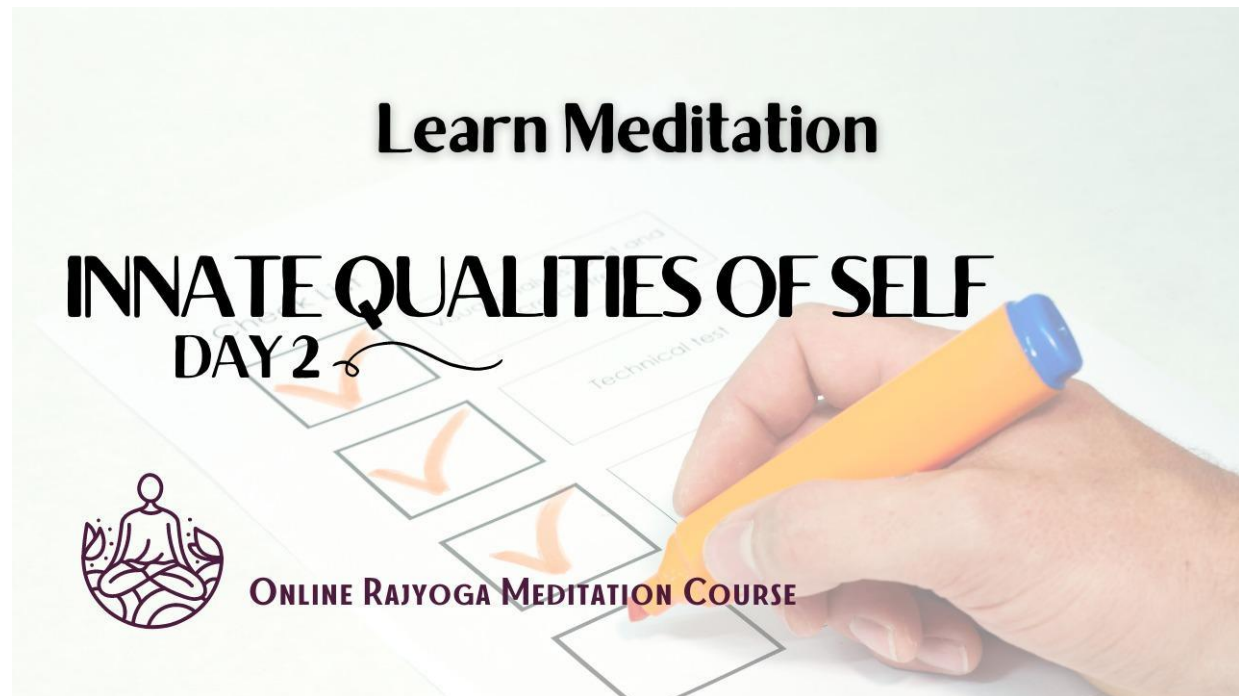

On the first day of the Meditation Course, participants got to learn about the true understanding of the self.

Following points were touched:

- 1.) 'I' - the self is the master of the body which is made up of 5 elements.
- 2.) 'I' refers to the soul which is a conscious point of energy residing in the center of the forehead.
- 3.) Mind, Intellect and Impressions are the three faculties of the soul.
- 4.) Working of each faculties:
 - Mind :- Soul creates thoughts using MIND
 - Intellect :- Soul takes decision using INTELLECT
 - Impressions :- Record of the actions performed by us which are carried forward by the soul.
- 5.) Thoughts are of mainly 4 types:
 - Positive
 - Negative
 - Waste
 - Required

Day - 2 Innate Qualities of Self

On the second day of the Meditation Course, participants got to learn about the innate qualities of the soul.

Soul has seven innate qualities.

- 1.) Knowledge
- 2.) Purity
- 3.) Peace
- 4.) Love
- 5.) Happiness
- 6.) Bliss
- 7.) Power

These qualities or virtues of the soul can be experienced by becoming 'Soul Conscious' which means creating every thought, word and action being in the awareness that I am a soul and by practicing meditation.

Day - 3 Understanding the Divine

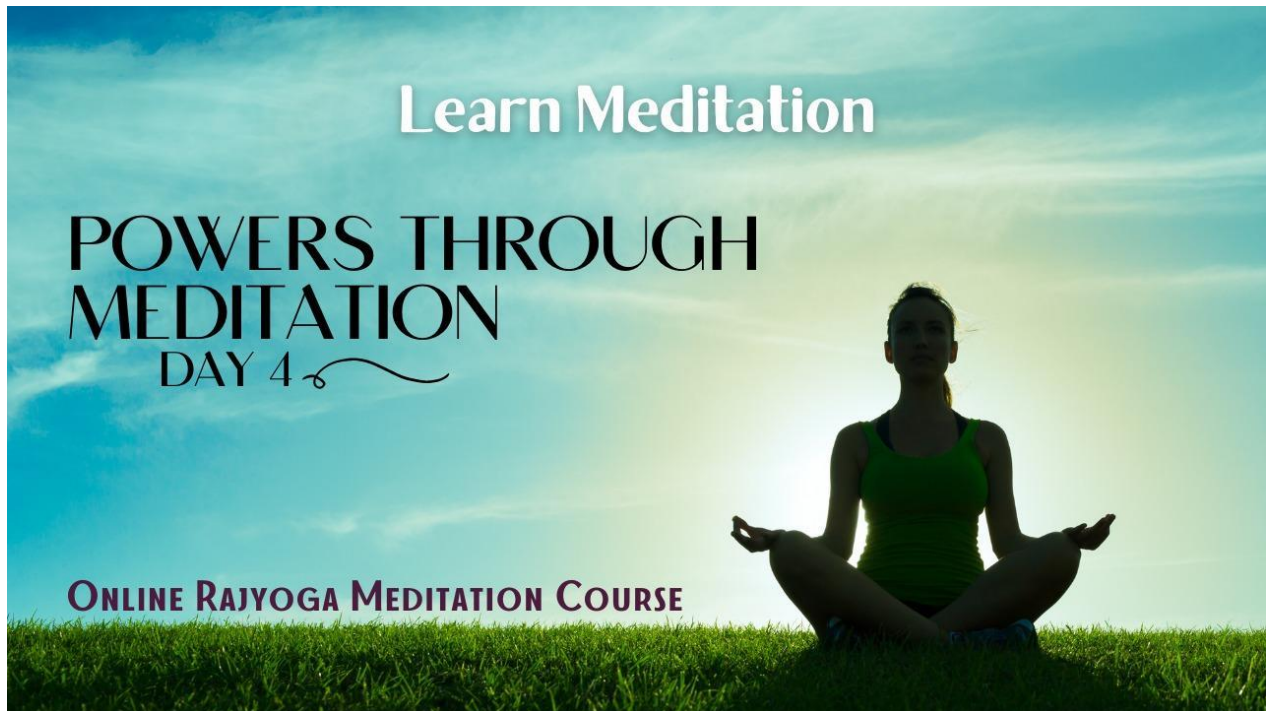

Meditation is also known as 'Yog' which means connection between two or more entities. When we understand that we are souls and not this body we can connect ourself with the Supreme Soul (GOD) and can experience all His virtues and powers. For that the Introduction of the Supreme Soul is also necessary.

So, on the third day participants attended the session on Understanding the Supreme. GOD, who is the source of all the virtues and powers is also a conscious point of energy, soul, but is Supreme among all the souls. He is also known as Omnipotent and Highest of all. We souls have a beautiful relationship of child and parent with HIM.

At the end of the session participants also practiced meditation in the form of guided commentaries and felt peaceful and calm.

Day - 4 Powers through Meditation

On the fourth day of the meditation course, participants got to know about the base and steps of Meditation. They also learned the powers gained by practicing meditation which we all use in almost every day-to-day task in our life.

Base of Meditation:

- Introduction to Supreme
- Relation with Supreme
- Affection
- Attainments

Steps of Meditation;

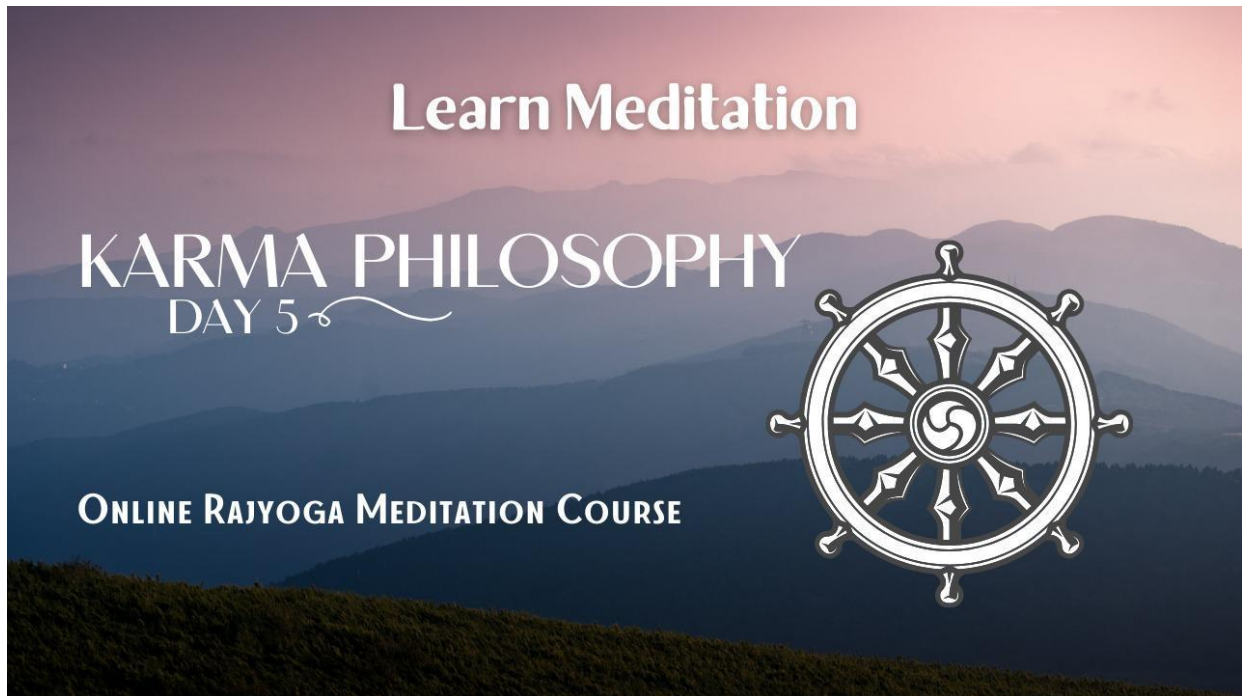

1. Contemplation
2. Concentration
3. Attainments

Powers through Meditation:

1. Power to Discriminate
2. Power to Judge
3. Power to Accommodate
4. Power to Tolerate
5. Power to Face
6. Power to Pack Up

7. Power to Cooperate
8. Power to Withdraw

Day - 5 Karma Philosophy

The fifth and the last day of the course was dedicated to the 'Karma Philosophy'. With the understanding of our true self and our relation with the Supreme Soul when we practice Rajyoga Meditation our actions automatically start becoming good.

Karmas are divided into three categories:

1. Akarma – Actions being performed in Soul Consciousness
2. Sukarma - Actions being performed in Soul Consciousness and in the remembrance of Supreme Soul.
3. Vikarma - Actions being performed in Body Consciousness

After this categorization major laws of Karmas were discussed. They are:

- Each of my actions is accountable.
- My past affects my present.
- I get what I deserve.
- Nothing happens by chance.
- No one can snatch others' fortune.
- I am responsible for my present state.

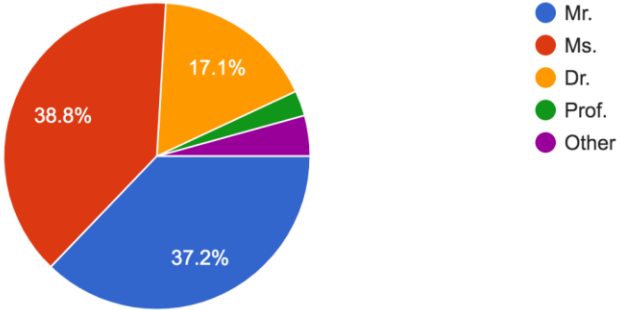

Two other major points that were discussed are:

1. Cleansing negative karma depends upon our choice of either through experiencing punishments or penance (Rajyoga) but not through charitable activities.
2. Two things happen simultaneously - eating the fruits of past sown seeds and sowing the seeds for future fruits.

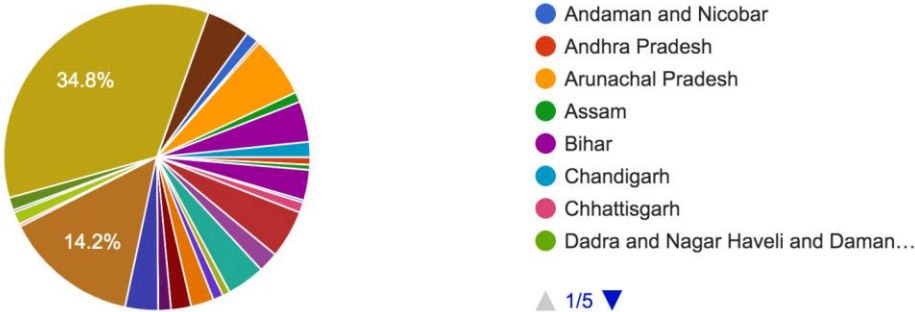

Registration Data Analysis

Total of 374 participants registered for the meditation course among which 153 were students and 107 were teachers.

Feedbacks

The overall course was very beneficial for everyone where everyone learned spirituality and practiced meditation. Following feedbacks were written by few of our participants:

Thank you so much for arranging this course. I gained insights on meditation and I am wishing to learn at the next level. Special thanks to your technical team for arranging the slides for better understanding to all the participants.

PADMAJA RUKMINI

Excellent workshop. Want to do this type of course in order to change my own self.

Minati Behera

Yes, of course. This course is a must for everyone. It tells us all what we were not knowing at all. To start with Who Am I? Soul, Supreme Soul, Rajyoga and everything. When taught by amazing mentors like Sister Chitra so affectionately. This course cleared my many doubts and is a very informative one. These types of quizzes also help us to check how much we have actually learnt. Thanks to God Father, the team the host and Chitra ji our mentor. Om shanti.

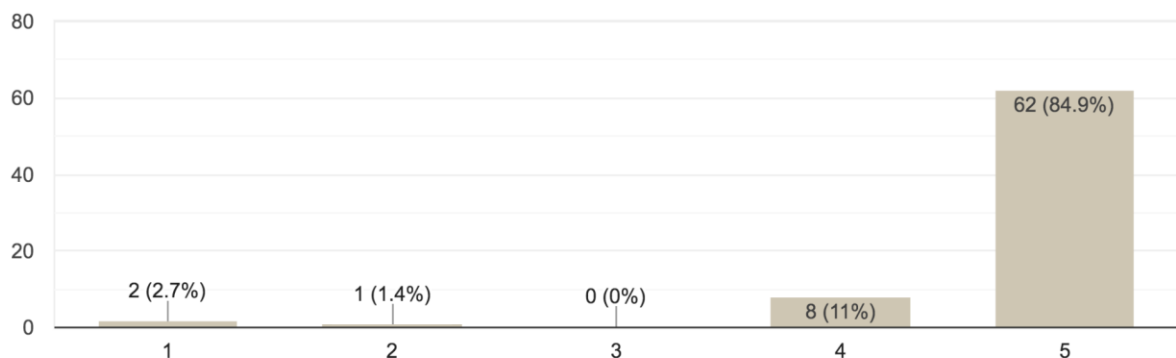

Neeta Vijay Kumar

This kind of program is very helpful for mental, physical and spiritual health. So keep the good work.

Dr. Anil Kumar

Feedback Analysis

After analyzing the feedback of the participants following observations were found.

1. These types of courses are very much effective in providing mental and emotional stability.
2. Practicing meditation helps everyone to feel peace and happiness in their life.
3. Participants were comfortable with the morning timings but they asked for the sessions to be of more time so that they can ask questions also.
4. Participants asked for the course to take place in the English language also.

Recommended Actions

Following actions should be taken in order to enhance the productivity of the course.

1. The sessions should include extra minutes for Q&A sessions.
2. Interpretation should be provided in the English language.
3. Summary of sessions should be provided so that participants can cover it in case they missed and also they can revise easily.
4. The number of days can be increased to teach meditation.

Summary of Session - 18/04/2022 - Mr. Mukesh Agarwal

One day online session which was organized on the topic 'Study Techniques and Time Management' by Center of Excellence in Science and Spirituality, JECRC, Jaipur was focused on providing easy-to-implement practical tips to the students to help them study and prepare well in the exams.

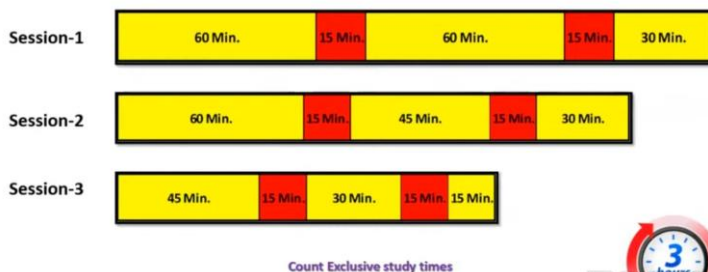

Mr. Mukesh Agarwal shared 21 tips with the participants which were all practically implemented and experienced by him. These tips were:

1. Time bound or task bound -

Study should always be bounded either by time or tasks. No bound study is never suggested. We should respect our promises by following the bounds and it is better to keep only that amount of time and tasks which we can easily fulfill.

2. Study in Sessions

We should study in sessions. The first session should always be bigger than the other two.

3. Study sequence

- Readily read the subject.
- Study with moderate speed to understand the subject.
- Prepare one pager notes
- Active Recall / Write

4. Story Book

Make your study interesting by discussing the beauty of the subject instead of complaining and create a story from the chapter.

5. Should I prepare notes?

Avoid making detailed notes. Instead prepare one pager notes or highlight important notes in the books.

6. Unavoidable Circumstances

If due to any reason we are unable to follow our study sessions then instead of getting disheartened we should shorten down the session's length to make use of our rest of the time.

7. Give Reward to the self

Whenever we complete our targets we should provide ourselves with some rewards to encourage and motivate ourselves.

8. Characteristics of student life

A student should be focused, hardworking, attentive, light and healthy and dedicated to his studies.

9. Team Work

It results in less effort and fast results. Is successful when there is tolerance and cooperation in team members.

10. Switch off your mobile

Mobile provides distractions. So, we should keep all notifications off and fix the screen time.

11. One Minute Meditation

It helps us in recharging the mind which increases our efficiency and maintains our enthusiasm.

Research Centre
Terk Road, Jalpur-500012

12. Journaling

We should do the checking of our whole day before going to bed whether we have utilized it properly as per our planning or not. It helps us in removing the waste spots.

13. Extra Mile

Only a little step forward everyday will take us to our destination.

14. Complete 75% in first 50% of Time

Morning till noon hours are energetic in terms of mind and body. So, we should try to cover most of our goals in that period.

15. Time Management

		High Urgency	Low Urgency
High Importance		Do First	Do Later
Low Importance		Do Next	Don't Do X

16. Ergonomics

PRINCIPAL
Jalpur Engineering College &
Research Centre
Tentk Road, Jalpur-800012

- Sitting Posture
- Posters, Frames
- Table Management
- Book Shelf Management
- Maintain Silence

17. I am the child of Almighty

A student should be full of powerful, pure and positive thoughts. This helps him be energetic and become a good student.

18. Give help-Take help

This pattern helps in doing cooperative study and creates positive competition among members.

19. Start your day early

Our morning routine provides the foundation for the whole day. So, we should wake up early . A 5 minutes contemplation and daily bath refreshes the mind. Also we should take exercise breaks.

20. Deep work Vs. Shallow work

Golden Rules:

- Single Tasking
- Zero Distraction
- Intense Focus
- Extended period of time

How to do?

Monastic Approach

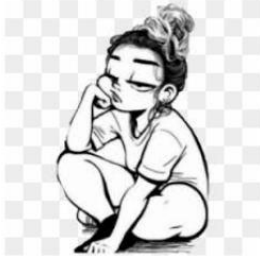

Bi Modal Approach

Rhythmic Approach

Journalistic Approach

Embrace Boredom

Principal, JECRC

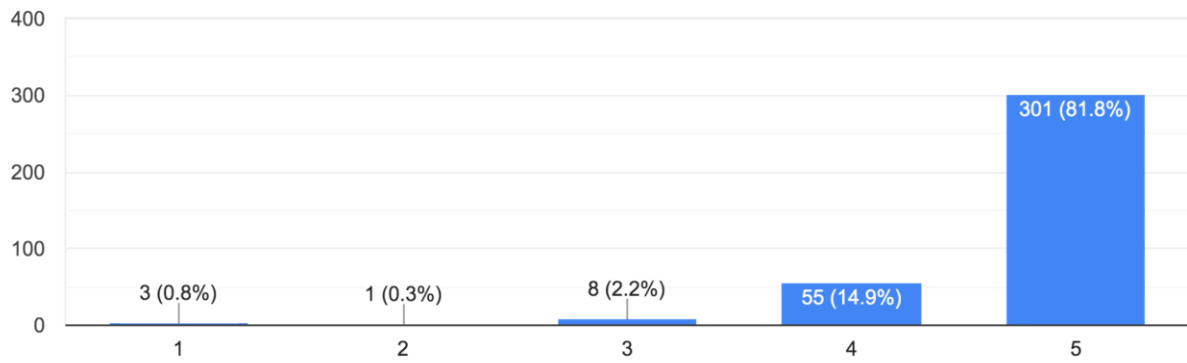

Participant's Feedbacks

The overall course was very beneficial for everyone where everyone learned various study techniques and tips for time management. Following feedbacks were written by few of the participants:

Very informative and fruitful session - Shyam Krishn Adhikari
Keep one session for civil service exam aspirants - Prachi Joshi
Language must be in English - Dr.Arunachalam P
Session was really helpful. Looking forward to these sessions more. - Ayushi Khawade
The duration of the session should be increased so that everyone can interact with the speaker - Rajat Kumar
Please organize a meditation course only for students - Jatin Rathod
Please conduct more and more sessions so that we can get benefited from it... thank you so much for this session ☐ - Srishti Palak
QNA with the students should be bring out more - Ankita Sarkar
This session was incredibly amazing. I request the team to organize a well-structured meditation learning program so that everyone can add meditation in their life. One thing I want to add is that please do sessions at the same time on which this session took place. Because many of the students or working officials are busy during the day, this is my request. - Piyush Jain
Technical problems occurred in this session so please avoid this thing and I am very thankful to get a chance to join this session. - Praveen Tiwari

ऑफ लाइन परीक्षा की तैयारी के लिए स्टूडेंट्स का किया मार्गदर्शन

जेईसीआरसी फाउंडेशन की ओर से आयोजित किया गया कार्यक्रम, दिए गए टिप्स

ज्योति सेन

जयपुर : जयपुर इंजीनियरिंग कॉलेज एंड रिसर्च सेंटर (जेईसीआरसी) के स्प्रिचुअल रिसर्च सेल की ओर से ऑफ लाइन परीक्षा की तैयारी के लिए स्टूडेंट्स का मार्गदर्शन किया गया।

स्टडी टेक्नीक्स एंड टाइम मैनेजमेंट विषय पर आयोजित ऑनलाइन सेशन के दौरान मुख्य वक्ता डॉ. मुकेश अग्रवाल ने स्टूडेंट्स का मार्गदर्शन किया। उन्होंने बताया कि पढ़ाई के दौरान बिलकुल भी मोबाइल का प्रयोग न करें। समय ही तो मोबाइल को बंद ही रखें। प्रतिदिन एक से लेकर दस मिनट तक ध्यान करें। साथ ही, अपने कॉफर्ट जोन से बाहर निकलें और हमेशा ही अपनी सामर्थ्य से एक फीसद ज्यादा काम करने की कोशिश करें। उन्होंने यह भी कहा कि अपने आधे समय में 75 फीसद

से अधिक काम को पूरा करने की कोशिश करें। उन्होंने स्टूडेंट्स को पढ़ाई के दौरान ठीक तरीके से बैठने के बारे में भी जानकारी दी। यह भी कहा कि एक दूसरे की मदद करने से कमी भी नहीं हिचकना चाहिए। उन्होंने स्टूडेंट्स को सुबह जल्दी ही उठने के लिए भी प्रेरित किया। इस दौरान उन्होंने कई प्रकार के उदाहरण से समझाते हुए स्टूडेंट्स को ऑफ

लाइन परीक्षा की तैयारी करने के टिप्स दिए। कार्यक्रम का संचालन स्प्रिचुअल रिसर्च सेल की चिन्ता ने किया। इस दौरान स्टूडेंट्स ने वक्ता डॉ. मुकेश अग्रवाल से सवाल भी पूछे। उन्होंने सभी स्टूडेंट्स के सवालों के धैर्यपूर्णक जवाब दिए। कार्यक्रम के दौरान जेईसीआरसी यूनिवर्सिटी और जेईसीआरसी फाउंडेशन के 800 से अधिक स्टूडेंट्स मौजूद रहे।

Feedback Analysis

After analyzing the feedback of the participants following observations were found.

1. The session was very much helpful to the students.
2. Tips shared were practical, effective and easy to be implemented.
3. Participants were comfortable with the timings and they asked for more sessions at the same time.
4. Duration of the session should be increased so that they can ask questions also.
5. Participants asked for the course to take place in the English language also.
6. A student specific meditation course should be conducted

Recommended Actions

Following actions should be taken in order to meet the expectations of the participants.

1. The sessions should include extra minutes for Q&A sessions.
2. Interpretation should be provided in the English language.
3. Summary of sessions should be provided so that participants can cover it in case they missed and also they can revise easily.
4. Proper care should be taken to avoid technical issues and mishaps.
5. Conduct a meditation course specifically for students.
