

Jaipur Engineering College & Research Centre, Jaipur

Session 2019-20

In the wake of the COVID-19 situation, the Training & Placement Cell of JECRC has taken an initiative that emphasizes on bringing the senior HR Leaders from the Indian & International corporate world. Startups can use seed capital to invest in research and to develop their business plans. Startups in India are now spread across the length and breadth of the entire country. Working with our corporate partners, T&P cell brought interactive online sessions that are designed to enrich student's industry acumen & to drive innovative solutions for post-pandemic hiring problems.
