Report of Self-Empowerment through Meditation

*An eight days workshop
22 October 2018-30 October, 2018*

The program of self-empowerment through Meditation was organised by Spiritual Research Cell of JECRC for first year students of all branches so that they be enlightened on the topics like thought management, self-respect, knowing about thyself, understanding the Divine, etc..

Before stating to write about the event, I would like to share about the ambience of Spiritual Research Cell. While entering this pious place one acquires a feeling of serenity and all waste and negative get calm down automatically. We all uede to sit in Wisdom Hall, in which a soft song was played every day which was related to that day's topic and everyday ended with a two minutes meditation recalling all that we have learned that day .

Our mentor for initial sessions was chitra ma'am and last session was conducted by mukesh sir. All the sessions were full of energy and knowledge which cleared all our doubts and misconceptions.

During these eight days we got light on the following points:

1. Thought Management
2. Knowing thyself
3. Self Esteem
4. Understanding the Divine
5. Purpose of Life
6. Tunnel of Blessings
7. Purpose of life
8. Successful Lifestyle

Now starting towards our first day

THOUGHTS

**“ONE SMALL POSITIVE THOUGHT IN THE MORNING
CAN CHANGE YOUR WHOLE DAY”**

Our first day started with a song “Khayalon ko yun khubsurat karo....” And then ma’am welcomed all of us and explained the motto of coming SRC every day. The session started with an activity of making pair of two and answering questions to our partner. The questions were as follows: what’s your name? Which branch? Your hobbies? And the last what are the values in you?

So the activity was to introduce our partner on the stage and it was a pleasure for all of us to have such an amazing activity. After that ma’am came on the stage and introduced her as well.

After a while, she started a nice discussion of thoughts with all of us present there. She explained us that what is thought and where thoughts are generated? She told us that thoughts are of five types that is positive thought, negative thought, neutral thoughts, waste thoughts and toxic thoughts.

A nice and healthy discussion was held on these topics. We concluded that the majority thoughts that are generated in our mind are mainly waste thoughts then toxic, negative, neutral and least the positive thoughts.

Then she told us how to control our thoughts and regulate them and reverse the order of thoughts in our mind, ma’am also told us that using FULL STOP while thinking of waste thoughts which was very helpful for us.

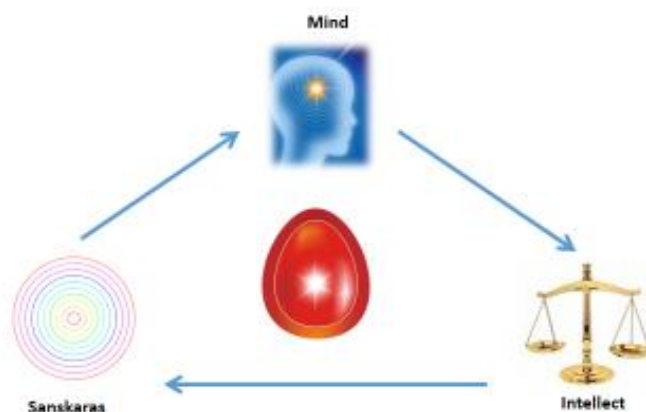

KNOWING THYSELF

“WE HAVE CALCIUM IN OUR BONES, IRON IN OUR VEINS, CARBON IN OUR SOULS, AND NITROGEN IN OUR BRAINS. 93% STAR DUST, WITH SOULS MADE UP OF FLAMES, WE ARE ALL STARS THAT HAVE PEOPLE NAMES.”

Our second day also started with a song “Aatm darshan swayam ka darshan... Ma’am enlightened us about what are we, that what is alive in our body and that is none other than our soul only.

Further the discussion proceeded to ANATOMY OF SELF which included topics like subtle star, point of light, true identity, different roles, physical costume, seed containing information/ knowledge and physical body according to karma/ sanskar. The next topic we discussed was the location of the soul, which we came to know that soul does not occupy any space but is present in the centre of forehead. The description of the soul was given and the difference between the body and the soul were being understood by all of us present there., The next we came to know how sanskars/habits are made and the session concluded with the state of awareness that HUMAN BEING = BODY+SOUL.

Anatomy of Soul

QUALITIES OF SOUL

**“A BEAUTIFUL WOMAN DELIGHTS THE EYES; A WISE WOMAN, THE UNDERSTANDING;
A PURE ONE, THE SOUL.”**

Again a beautiful song healing all our pains and relaxing our minds before the starting of the session was played.

So the session started with the discussion that every soul has some basic values and as soul is immortal so when soul changes the body then some of the qualities which were learned by the soul in the previous body are carried to the next body also. So the basic 7 values that are in every soul are knowledge, purity, peace, love, happiness, bliss and power, then ma'am explained the meaning and importance of each and every value in a soul. The session proved to be very helpful that one can empower and recall all the values that are already in every soul but forgotten but with the help of this session we successfully recalled all the values and became a more powerful soul.

PURPOSE OF LIFE

**“THE TWO MOST IMPORTANT DAYS IN YOUR LIFE ARE THE DAY YOU ARE BORN AND THE
DAY YOU FIND OUT WHY -MARK TWAIN”**

In this session we had an activity in which ma'am gave us some basic question like what is the purpose of your life? And what is your goal in your life? These two questions are the one whose answer everyone should know as without knowing the reason of living in this world it is just living in a dead state. So this activity proved to be useful and then ma'am invited some of us to share our purpose of life and goal, the result we got after the activity is that everyone's purpose of life is to live happily or peacefully in one or the other form.

SELF ESTEEM

“DON'T CHASE PEOPLE BE AN EXAMPLE? ATTRACT THEM. WORK HARD AND BE YOURSELF. THE PEOPLE THAT BELONG IN YOUR LIFE WILL COME FIND YOU AND STAY. JUST DO YOUR THING”

The third session begin with the song "Sarvashaktiman ki santaan hain hum..." and then ma'am asked us that what we have learned from the song. The conclusion came out was related to the self-esteem which was our topic of the day

Self-esteem means self-trust, trust in our self, and trust in our ability to cope with the changes. Ma'am explained that self-esteem can be understood in 7 different ways, and then ma'am told us how a person can identify that he/she is having a low self-esteem. if a person has thoughts like 'I CAN'T DO IT', 'I'M NOT WORTHY', 'I MUST BE PERFECT', 'I MUST NOT MAKE A MISTAKE', 'I'M NOT GOOD ENOUGH', 'NOBODY LOVES ME' and many more like that in mind then he is having a low self esteem. So mostly everyone was facing such problem so ma'am provided us the solution of such problems is that to make our morals much stronger so that which cannot be easily broken for some short term happiness. Then she told us about the sources of self-esteem which are achievements & accomplishment and behaviour consistent with values & beliefs.

Then the session continued to the solution of low self-esteem or ways to improve self-esteem which are being true to yourself, being not slaved to fashion, respect other, be selfless, get to know yourself, never hate yourself and many more. The next we discussed was the pillars of self-esteem and levels of self-esteem.

So with the help of this session many problems were solved, many troubles got resolved and all complexions in the mind got simplified.

UNDERSTANDING THE DIVINE

“एकै साधे सब सधै, सब साधे सब जाय।
रहिमन मूलहिं सींचिबो, फूलै फलै अघाय।।”

This session was quite different from other sessions as the session started with a video clip the video clip shown to us carried a message that Aamir Khan who played role in PK film was searching for God and believed in all religions like Hindu, Muslim, Sikh and Christian also he prayed to every religions God to fulfil his demands so this video clip carried a beautiful message that we are also searching for God but yet not found.

So based on this topic our session started. Ma'am told us that there is only one super power known as Supreme Father who created souls as souls are a point source of light then the Father of the souls is a collection of such powerful energy and light which is full of values like happiness, kindness and many other like that but this materialistic body becomes an obstacle while receiving these powerful kind of energy from the Supreme Father every day. She enlightened with the fact that we have to believe in the Supreme Father to receive all values and blessings from him so the fact is there to receive such blessings one have to meditate and focus on the Supreme Father that he is caring for you and you are the only child of the Supreme father and we are receiving happiness, kindness, love, care, etc... This session was quite helpful as today most of us don't know how to receive energy from the Supreme Father.

So after the session we have a clear mind-set that what is God that is Supreme father and how we have to remember him.

BLESSINGS

"COUNT YOUR BLESSINGS NOT YOUR PROBLEMS"

After a week of such peaceful sessions mam conducted an activity in which we were asked to give mam blessings; everyone got confused that we are younger than mam then how we can give blessings to mam, but mam told that while giving blessings age is not a barrier as the giver and receiver both are souls. After this discussion everyone gave mam some different types of blessings which we usually receive from parents & elder peoples but mam told and we also observed that after receiving blessings one gets much happier more motivated towards his or her purpose of life

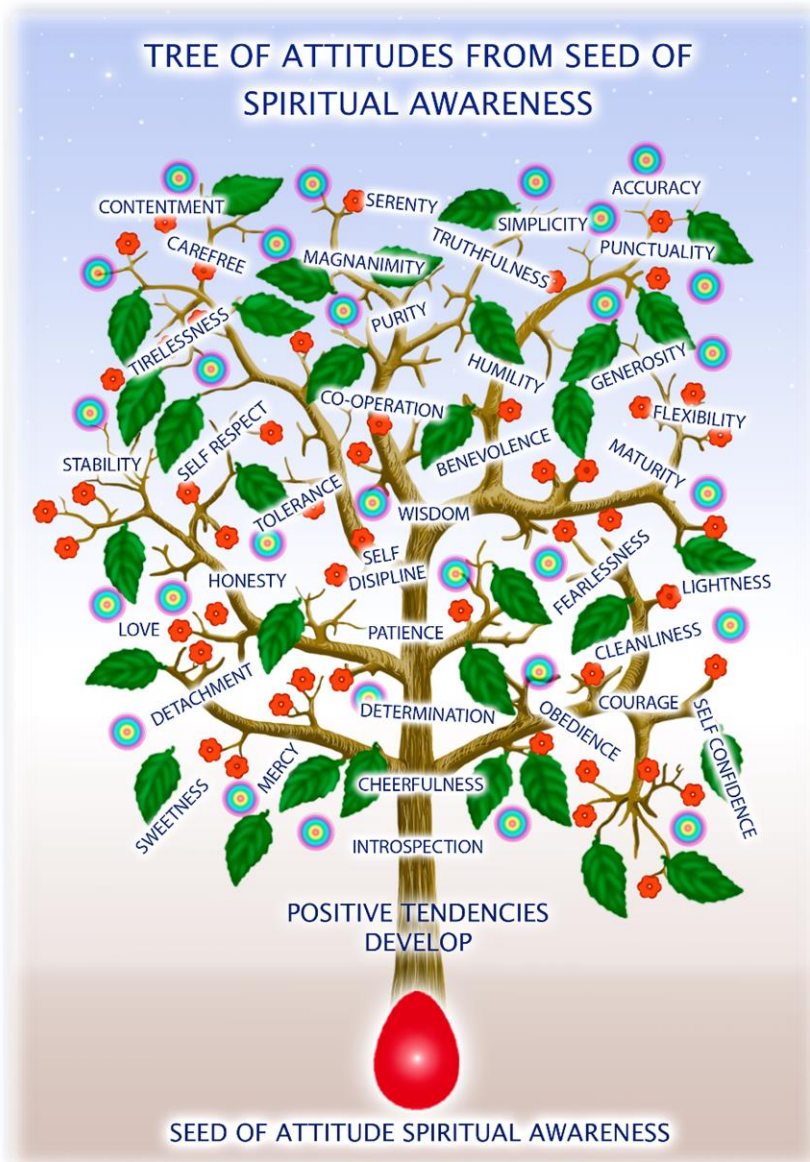

Then mam discussed the new topic divine blessings; Initially we were surprised with this word, as we have listened blessing but what are divine blessings so mam told divine blessings are the blessings which one soul give to another soul irrespective of gender, age, religion and situation and then ma'am told us to make a tunnel in which each and every one has to cross and other have to give blessing to the traveller. We open heartedly gave blessings to each and every traveller. It was the most beautiful moment of the day when one has to pass through this tunnel of Divine Blessings.

We gave blessings many times and when mam asked what is the reason behind this activity the answer came out to be that it develops a Sanskar or habit in a being of giving such divine blessings to whomsoever he meets in his life and also to experience the power of blessings. The session concluded with the importance of giving and receiving such divine blessings and making it a Sanskar.

VALUES

"EDUCATION WITHOUT VALUES, AS USEFUL AS IT, SEEMS RATHER TO MAKE A MAN MORE CLEVER DEVIL,"

Mam gave us the task to look upon a chart which consists of several values and to find a suitable value which you have and explain what the meaning of the value is and how it plays a crucial role in your life with an example.

value is and how it plays a crucial role in your life with an example.

Then mam gave us 10 minutes and we all selected the values in the chart and everyone got different value then to make the activity more interesting. She made chits of all the students present there and picked one after the other chit and whomsoever name comes in the chit have to come on the stage and share his or her value to others. Three to four students got a

chance to share his or her values and then mam asked a simple question from all of us that what's the reason behind this activity so the result came out to be to understand each and every value and analyse which values are we having so this session ended while sharing values and exploring values in us.

LIFESTYLE

“YOU'RE NOT LIVING LIFE IF YOU'RE THINKING ABOUT IT ALL THE TIME. HAVE A BALANCED LIFESTYLE. TAKE A BREAK FROM YOUR THOUGHTS AND JUST VIBE.”

The speaker for the last session of the self-empowerment through meditation was Mukesh sir, ma'am invited Mukesh sir on the stage to share the way of successful lifestyle. He started the topic by telling us the definition of lifestyle and why it is important in everyone's life and what is correct lifestyle.

Initially he had discussed about the very touchy topic of today's generation that is stress so according to him to decrease the stress one should increase the ability to cope up with the situation as he has derived formula of stress as equal to situation upon inner ability to cope up

Then he started talking about the ways by which one get stressed and then how to remove or decrease such stress causing factors then he moved to the topic of daily routines that what should be ideal time of waking up in a student's life which is from 4 am to 5 am. His session was very interesting and learn full as it was mainly related to our students life that everyone was facing one or the other problems in his or her life style and after that session I am sure that everyone got answers of the problems.

Then the session moved to certificate distribution in which there were two surprise gifts also. One was a beautiful velvet pencil and other was a chocolate which we all liked very much.

International Yoga Day

Report on International Yoga Day

Yoga is believed to find its roots in the Indian mythological era. It is said that it was Lord Shiva who gave birth to this art. Also known as Adi Yogi, Shiva is known to be the inspiration for all the yoga gurus around the world.

More commonly, it is believed that it was the Indus-Sarasvati civilization in the Northern India that initiated this brilliant art as many as 5,000 years ago. It is the Rig Veda that is said to have mentioned this term for the first time. However, the first systematic presentation of yoga is said to be done by Pantanjali in the classical period. Practicing yoga is one of the ways to grow into a better human being with a sharp mind, a good heart and a relaxed soul.

On the Occasion of the Fifth International Day of Yoga, Jaipur Engineering College and Research Centre organized Yoga Promotion and awareness events at two venues within the college premises.

The first event was organized at Spiritual Research Cell of JECRC in which Yoga was performed under the guidance of Yoga practitioner Piyush Manti. Various asana and pranayama were performed followed by Om Chanting. He also shared the importance and benefits of each and every asana and pranayama. This event was attended by about ten students and ten faculties.
