### **Suhasini: An initiative to save the smile of Girl child**

Emerging with life's mantra -"A vision and mission to make a better place for girls to live in", the students of JECRC laid the foundation of SUHASINI on 24th January 2015 (National Girl Child Day).

Since its formation, the group is working actively and dedicatedly for the cause "BETI BACHAO, BETI PADHAO." To bring a change in the society for girls, Suhasini works in various domains and conducts survey and the members make door-to-door visits to know the basic roots of the problem, in which sex ratio, information of school going children etc. are collected. Suhasini also organizes 'Story behind Red, an awareness campaign for menstrual health and hygiene wherein girls are educated about the importance of maintaining hygiene during menstruation which is conducted in various government schools and villages. Team also organizes timely celebration on International Women's day, National Girl Child day , International day of Girl Child in the college campus as well as in city areas and has performed NukkadNatak at various places like Shree Ram ki Nangal, Janpath, Gaurav Tower, Jal Mahal, Amber Fort, City Palace and Albert Hall. More than 10,000 people have been addressed so far by these urban area campaigns. The team is also very active on social media and organizes social media campaigns like Selfie with girl child, She My Strength, Dream I Can, She Will Achieve etc. In the journey so far, Suhasini has succeeded in connecting people from 8 villages- Goner, Badi ka Baas, Shree Ram ki Nangal, BarahMeel, Bheelwa, Shivdaspura, Sitapura, Laxmipura and from different areas of Jaipur city to the cause.

Celebration of Girl Child Day:

Every year the one of the social initiatives taken by the college is to organise multiple events on the occasion of the International Women's Day, the National Girl Child day, the International day of girls both inside the college campus as well as in the city areas through its team known as Suhasini.

The Suhasini Team also perform NukkadNatak at various places. Every year on the event of the National Girl Child Day the students from the villages where Suhasini is active are invited at JECRC campus and events are organized for them accordingly.

**WOMEN CONNECT CELL**

JAIPUR ENGINEERING COLLEGE AND RESEARCH CENTRE

Dear Sir/ Madam

It gives me immense pleasure to share that JECRC College has established a Women Connect Cell in the college campus to empower girl students, to sensitize all issues related to women (students and faculties both).

With a view to taking up women's issues and problems, the cell aims at creating awareness of their rights and duties. It also provides a platform for women to share their experiences and views regarding their status in the society and to suggest ways to improve and empower themselves.

Aiming at intellectual and social upliftment of the female students, the cell stands for facilitating women's empowerment through guest lectures, seminars, awareness programmes and other welfare activities.

In order to this we have organised a Self defence training programme for the girls students and faculty members by police trainers in the college campus and now we are having a valedictory programme for this session at 09:30am , 20/9/18. The chief guest for the programme is Ms. Tejaswani Gautam IPS, DCP HQ Commissionerate.

So I am inviting you to kindly attend this session as it is a great initiative taken by us for the betterment of our female students and staff .

## **IT Hackathon participation**

Department of Information Technology will be hosting the event, IT Hackathon 3.0 on 26th September 2019 from 9:30 A.M. to 3:30 P.M. (6 hours), an event where education meets innovation.

Programming is the 21st century's new lifestyle, new literacy. Hackathon is a practical hands-on event to solve problems through programming which involves creativity and critical thinking. It is an event that will gather all the zealous programmers together to make workable applications.

For the Second time, IT Hackathon was organized at JECRC campus by IT department on 12th September 2018, which was the beginning of the competitive coding arena in the college. IT Hackathon 2.0 witnessed enthusiastic participation of many students working on innovative ideas and projects. The themes covered were food, fitness and e-commerce applications and library management system as example. The judgement criteria included two rounds of judgement which considered parameters like proper idea representation, UI/UX design and completion of the project. The winners were awarded and certificates were provided to all.
